- Full Lifetime Warranty included

Compare LabelTac® models

www.labeltac.com/compare

To print a label, you'll need two parts:

Print Ribbon

Provides the "print" color of the label-text, symbols, etc.

(Starter roll of black ribbon included w/ all printers)

Label Supply

Provides the label surface and "backing" color of the label.

Print Ribbons

Make labels that stand out with LabelTac® ribbons that deliver high-quality, long-lasting color. Roll width is 4.33".

- **Highly resistant to abrasion, chemicals, UV exposure, water and more**

Static Cling Supply

Designed for temporary or non-adhesive labeling. Static Cling Supply lets you place labels and signs on glass or other smooth surfaces without using adhesive.

Marine Supply

LabelTac® Marine Label Supply is designed for locations that may come in contact with salt water. The adhesive is salt and freshwater-resistant, and your label will stay bold even when subjected to UV rays.

Mark the end of your cable nightmares.

Custom printable cable management solutions for LabelTac® Compact/Desktop Printers

Printable Cable Wraps

LabelTac® Printable Cable Wraps are designed so the clear tail wraps around the cable and label, self-laminating and protecting the print underneath. Great for organizing messy cables used in server racks, switches, and other networking equipment.

	1" x 70' 0.25" Printable	2" x 70' 0.5" Printable	3" x 70' 1" Printable	4" x 70' 2" Printable
White	LT102WW	LT202WW	LT302WW	LT402WW
Red	LT104WW	LT204WW	LT304WW	LT404WW
Green	LT105WW	LT205WW	LT305WW	LT405WW
Orange	LT106WW	LT206WW	LT306WW	LT406WW

PRICE	\$99.99	\$119.99	\$139.99	\$159.99

Self-Laminating Design

Remove the backing material from the wrap, apply the wrap to the cable and bring the tail back up and over the print.

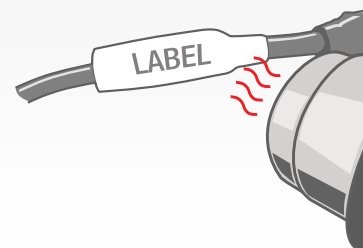

Printable Heat Shrink Tubing

Printable Shrink Tubes are a great solution for marking and organizing cables. Simply print your text or symbols on the shrink tube, slide it over the cable, and heat with a heat gun or hair dryer.

	3/16" x 25'	1/4" x 25'	3/8" x 25'	1/2" x 25'	3/4" x 25'	1" x 25'

Dry Erase Supply

Easily erase and add non-permanent, unprinted information. Ideal for checklists and labels with hand-recorded information such as production dates used in food processing and assembly processes.

Optically Clear Supply

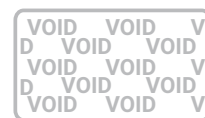

Transparency allows for background color matching, which looks clean and professional. Bonds effectively to plastics, painted metal, powder-coated paint, polycarbonate, fiberglass, and more.

Blank Die-Cut Labels

Use these blank, white die-cut labels to create professional labels with rounded corners. These die-cut labels also allow you to print multiple labels on a roll instead of creating individually cut labels (by turning off the printer's cutter), which can make labeling in the field easier.

These durable labels are made from a high-grade vinyl that lasts 5+ years outdoors and even longer indoors.

Apply labels in always-cold environments!

Have a cold environment that can't be warmed up to at least 46°F?
This supply can be applied in temperatures as low as -10°!

Note: This product is not recommended for outdoor applications

Cold Application Supply

This label supply's adhesive is designed to be able to be applied where temperatures remain below 40°F.

 **Min. Application Temp: -10°F**

 **Service Use Range: -40°F to 215°F**

Repositionable Supply

This material can be removed and reapplied without losing adhesive strength. Ideal for labels and signs that may need to be moved or replaced. Suitable for indoor or outdoor use.

Apply labels on oily surfaces!

Can even adhere to plastics coated with WD-40- ideal for use in dirty work environments or on impossible-to-clean surfaces.

Oily Surface Supply

This label supply uses a specially formulated adhesive made to aggressively stick to greasy or oily surfaces.

Static Cling Supply

Designed for temporary or non-adhesive labeling. Static Cling Supply lets you place labels and signs on glass or other smooth surfaces without using adhesive.

A LabelTac® Hard Carrying Case Crushproof, watertight, and lightweight, the LabelTac® Hard Carrying Case offers practical, portable protection from impacts and the elements.	LT-HCASE	\$325.00
B LabelTac® Dust Cover (Actual product may vary from image) Protect your LabelTac® printer from dust and other airborne particles when it's not in use.	LabelTac 4: LT-DCP LabelTac 4 Pro: LT-DCP LabelTac Pro X: LT-DCP LabelTac 9: LT-DC9	\$29.99 \$29.99 \$29.99 \$39.99
C LabelTac® Label Design Workstation (Actual product may vary from image) The LDW offers a full-fledged, ultra-portable label editing solution, allowing you to design more complex labels on the go, and get the job done right the first time.	LT-LDW	\$399.00
D LabelTac® 4-Hour Mobile Battery (Actual product may vary from image) The LabelTac® Battery Pack is a cost-effective option that allows portable stand-alone printing with any laptop. Prints thousands of labels before needing to be recharged.	LT-BP200	\$399.99
E LabelTac® Cleaning Swabs (5-pack) Ideal for cleaning thermal printheads in LabelTac® printers, we recommend using these swabs after every four to five rolls of label supply.	LT-SWAB	\$3.95

Create durable, easy-to-mount signs

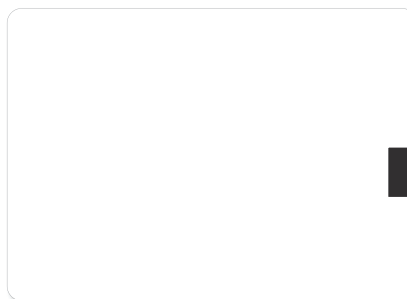

LabelTac® Sign Blanks

LabelTac® Sign Blanks are a great way to adhere your labels and signs printed with LabelTac® Printers to objects and equipment that don't work well with standard adhesive labels. Two materials are available- a 3mm white PVC backing surface, as well as tough outdoor-ready aluminum.

PVC Sign Blanks

Best suited for indoor applications, these 3mm PVC blanks are white and lightweight. Easy to drill holes for mounting or hanging.

	SKU	PRICE
5" x 7", 15 quantity	LT-57PVC	\$18.99
7" x 10", 10 quantity	LT-710PVC	\$18.99
10" x 14", 5 quantity	LT-1014PVC	\$18.99

Aluminum Sign Blanks

Powder-coated white aluminum material suitable for indoor and outdoor applications. 0.040" thickness with pre-drilled holes for zip ties or screws.

	SKU	PRICE
7" x 10", 10 quantity	LT-710AL	\$49.99
10" x 14", 5 quantity	LT-1014AL	\$49.99

NOTE:

When purchasing Industrial Label Protection, we recommend getting a size that is 1"-2" wider than the label that it is covering up to allow for overhang past the edges of the label.

Industrial Label Protection

Industrial Label Protection protects your labels in heavy traffic areas and can save labels from spills, chemicals, and tough cleaners.

Standard (0.006"/6 mil)

	SKU	PRICE

Handheld Label Printers

We offer a large number of handheld industrial label printers with supplies that are designed to last, both indoors and outdoors. These printers are easy to use and come backed with our support system and a 30-day money back guarantee.

www.creativesafetysupply.com/Handheld-Label-Makers/

A

A. Epson® LW-PX900

The Epson LW-PX900 is a portable electronic printer designed to quickly and economically create labels, heat-shrink tubes, and barcodes for use in warehouses, factories, offices, and many other settings. The LW-PX900 prints up to 35mm/second and it can print wider labels with widths up to 36mm. It gets you the labels you need, fast. This handheld printer is made from industrial-grade, high-impact plastic, so you won't need to worry about damaging it while out on the job. Take it with you to tackle your facility's labeling tasks.

PART #	DESCRIPTION	PRICE
LW-PX900	Epson LW-PX900	\$299.00

B

B. Brady® BMP21

The BMP21 Portable Label Printer is an all-in-one labeler for voice/data communication in electrical and general industrial crews. With label materials designed specifically for harsh environments, the BMP21 portable printer can quickly and easily create clear, legible labels that stick for years despite extreme temperatures and curved or highly textured surfaces. This label printer can print on self-laminating vinyl, PermaSleeve wire marker sleeves, nylon cloth, polyester, and indoor/outdoor vinyl label materials.

PART #	DESCRIPTION	PRICE
BMP21	Brady BMP21	\$145.95

Labels

Labels are an essential part of creating a visual workplace. These labels are equipped with the messaging needed to make your facility safer, easy to navigate, and OSHA compliant. These labels are built to withstand abrasions and fading, and are both water and chemical resistant.

- Easy application
- Strong adhesive for high durability
- Chemical, water, and smear resistant
- OSHA compliant

How to Order Labels

Ordering the right labels is easy! Just follow the steps below to determine your final part numbers.

1. Choose design(s)

Browse through the following pages to find the right labels for your needs. When you make your selection, take note of the **base part number**, which will be displayed below the design.

PL20021

2. Choose a size

Select the desired dimensions for your labels using the charts below. You can choose between either rectangular or square labels. Take note of the **size code**, which is listed in the middle column.

FOR RECTANGULAR LABELS ▾

SIZE	SIZE CODE	PRICE/EA.
4" x 6"	-46	\$3.90
6" x 9"	-69	\$7.80
8" x 12"	-812	\$12.70

FOR SQUARE LABELS ▾

SIZE	SIZE CODE	PRICE/EA.
2" x 2"	-22	\$1.00
3" x 3"	-33	\$2.07
4" x 4"	-44	\$3.20

3. Complete final part number(s)

Combine the **base part number** with the corresponding **size code** for the dimensions you've chosen to create the **final part number**. In this example, the label is a 6" x 9" rectangular label.

FREE ONLINE PIPE LABEL CALCULATOR

Our new Pipe Marking Calculator will help you determine what sizes and colors of pipe labels you need. When you input the diameters and contents of your pipes, you will receive a "label prescription." You'll also find out what supplies are required to create these labels.

Try it for free! ▶ www.creativesafety.com/pipecalculator

How to Order Pipe Marking Labels

Ordering the right pipe marking labels is simple—just follow the steps below to determine your final part numbers.

1. Choose contents

Browse through the pipe marking labels on the next two pages to find the right messaging for your needs. When you make your selection, take note of the **base part number**.

2. Choose a size

Select the desired dimensions for your labels using the chart below. Take note the **size code** listed in the middle column.

PIPE DIAMETER	LABEL SIZE*	SIZE CODE	PRICE/EA.
0.75"-1.25"	1"x8"	-XS	\$1.70
1.5"-2"	1"x8"	-S	\$1.90
2.5"-6"	2"x12"	-M	\$2.80
8"-10"	3"x24"	-L	\$5.90
10.1"+	4"x32"	-XL	\$7.10

*Reflects min. required label size. Some labels may be longer.

3. Choose arrow option

Using the key below, choose whether or not you want arrows added to your pipe marking labels. Take note of the **arrow code**.

OPTION	ARROW CODE
Left Facing	-L
Right Facing	-R
No Arrows	-N

4. Complete final part number(s)

Combine the **base part number** with the corresponding **size code** and **arrow code** for the dimensions you've chosen to create the **final part number**. *In this example, the label is 1"x8" and contains a left-facing arrow.*

✓ UNBEATABLE PERFORMANCE

SafetyTac® 2.0 sets the new standard for floor tape durability. Other floor tapes just can't compare.

✓ ARMOR TECHNOLOGY™

Specially engineered dense, flexible material that's impact resistant and virtually indestructible.

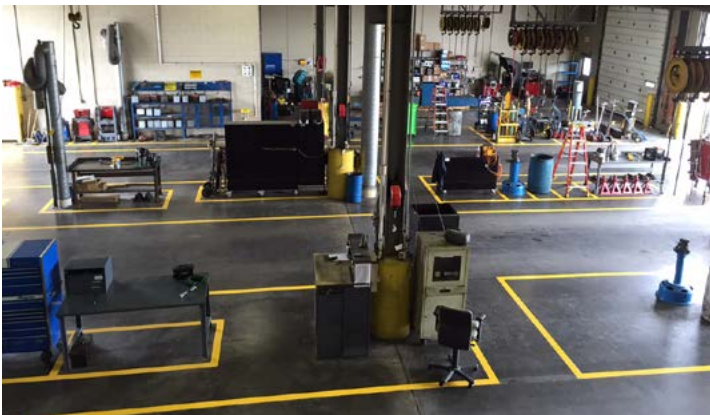

✓ SNAG-FREE

This tape has a low profile for snag-free transitions for carts and pallets.

		\$100.00	\$140.00

SafetyTac® 2.0 is designed with ARMOR Technology™ to withstand the toughest industrial conditions. The denser material used in SafetyTac® 2.0 allows it to hold up to intense traffic, and the tape has advanced pivot resistance so forklifts and other vehicles can turn directly on the tape without causing damage. The unique design of this tape allows carts and other small-wheeled equipment to pass over the lines without snagging. Like standard SafetyTac® tape, SafetyTac® 2.0 is also resistant to wet conditions and chemical spills.

Material	ARMOR Technology™ PVC composite
Thickness	70 mil (0.070")
Adhesive	Reinforced rubber/cloth
Resistance	Industrial equipment, cars and trucks, forklifts and pallet jacks, heavy foot traffic, industrial scrubbers, water, many common chemicals
Application	Hand or optional applicator
Warranty	2 year limited

SafetyTac® 2.0 will hold up under the toughest conditions, including dirty, oily and wet work environments like auto shops.

✓ **INDUSTRIAL STRENGTH**

Holds up to forklifts, pallet jacks, floor scrubbers, and trucks.
Resists water and most chemicals.

✓ **FORKLIFT RESISTANT**

Pallets, carts, forklifts, and heavy traffic go right over this resilient floor tape.

SafetyTac® floor marking tape is designed to withstand the tough conditions of an industrial workplace. SafetyTac®'s resilient material holds up to traffic and spills, and its reinforced rubber-based adhesive keeps it in place, so it will get the job done for a long time. SafetyTac®'s unique design prevents the tape from getting caught on wheels or pallets. That means vehicles can easily slide over the tape without causing damage. SafetyTac® also has a low profile, so it won't make walking surfaces uneven. No need to worry about pedestrians tripping.

Material	PVC composite

Use SafetyTac® to create perfect aisles, pathways and boundaries that last for years in tough conditions.

SafetyTac® Lean

This floor marking tape has the lowest profile of our tapes, so you'll have smooth walking surfaces.

- DURABILITY ●●●●○
- ADHESIVE ●●●●○
- RIGIDITY ●●○○○
- THICKNESS ●●○○○

✓ ULTRA-LOW PROFILE

An ultra-low profile allows you to create smooth floor markings. It's so thin, you'll barely notice it's there.

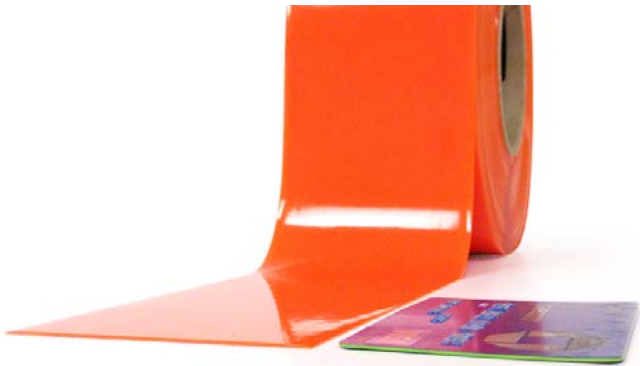

✓ INDUSTRIAL STRENGTH

Holds up to forklifts, pallet jacks, floor scrubbers, and trucks. Resists water and most chemicals.

SafetyTac® Lean floor marking tape is made with the same durable material as standard SafetyTac®, but it has an ultra-low profile that's 40% thinner than most other industrial floor marking tapes. This means vehicles will have no problem moving over it and walking surfaces will be even. SafetyTac® Lean was designed like SafetyTac®, so wheels and pallets won't get caught on it. It's also resistant to water and chemicals. This tape is perfect for facilities with moderate foot and vehicle traffic.

		2" x 100'	4" x 100'

		\$149.00	\$169.00	\$189.00	\$229.00

SafetyTac® Hazard floor marking tape is designed to draw attention to dangerous areas in the workplace, while also holding up to the tough conditions of an industrial facility. The two-tone stripe pattern comes in 4 color options so you can highlight different types of hazards. SafetyTac® Hazard's durable material can withstand traffic and spills, and its reinforced rubber-based adhesive keeps it in place, so you can count on it getting the job done for a long time. SafetyTac® Hazard's design allows wheels and pallets to slide over it without snagging, meaning the tape won't get damaged either.

Use SafetyTac® Hazard to draw attention to dangerous areas that could harm or kill employees.

Material	Hazard-striped PVC composite
Thickness	35 mil (0.035")
Adhesive	Reinforced rubber/cloth
Resistance	Industrial equipment, cars and trucks, forklifts and pallet jacks, heavy foot traffic, industrial scrubbers, water, many common chemicals
Application	Hand or optional applicator
Warranty	1 year limited

SafetyTac® Lean Hazard

This tape combines a low profile with hazard striping to call attention to danger anywhere in your facility.

- DURABILITY ●●●●○
- ADHESIVE ●●●●○
- RIGIDITY ●○○○○
- THICKNESS ●○○○○

HAZARD-STRIPED PATTERN

Hazard-striped pattern provides a noticable visual cue to identify areas that require extra caution or attention.

ULTRA-LOW PROFILE

An ultra-low profile allows you to create smooth floor markings. It's so thin, you'll barely notice it's there.

		2" x 100'	3" x 100'	4" x 100'
Black/Yellow		SLH270	SLH370	SLH470
Red/White		SLH271	SLH371	SLH471
Black/White		SLH272	SLH372	SLH472
Green/White		SLH273	SLH373	SLH473
		\$85.00	\$105.00	\$125.00

SafetyTac® Lean Hazard combines the eye-catching pattern of hazard tape with the ultra-low profile of SafetyTac® Lean. SafetyTac® Lean Hazard is available in 3 striped color combinations that allow you to draw attention to dangerous areas in your workplace. Like SafetyTac® Lean, this tape sits smoothly on your floors. It's also resistant to water and chemicals. Choose SafetyTac® Lean Hazard for moderate-traffic areas where you also need hazard alerts.

Material	Hazard-striped PVC composite
Thickness	15 mil (0.015")
Adhesive	Reinforced clear acrylic
Resistance	Moderate industrial and vehicle traffic, forklifts and pallet jacks, heavy foot traffic, industrial scrubbers, water, many common chemicals
Application	Hand or optional applicator
Warranty	1 year limited

At a mere 0.015" thick, SafetyTac® Lean Hazard is the thinnest industrial-grade floor tape on the market.

SafetyTac® GRIP

The strength of SafetyTac® plus anti-slip properties.

SafetyTac® GRIP was created to outlast all other traction and non-slip tapes by combining SafetyTac®'s known impact resistance with an anti-slip surface and an aggressive adhesive. SafetyTac® GRIP comes in 5 colors and provides maximum durability and slip resistance, even in heavy traffic areas.

- Slip-resistant surface
- Resistant to chemicals
- Cleans easily
- Includes low-level reflective properties
- Aggressive adhesive system bonds to a wide variety of surfaces
- 1-year warranty

Indestructible Virtual Floor Markings for Any Surface.

In tough, industrial environments, using virtual tape and signs instead of physical materials provides a more attractive floor marking and saves money. Floor tape and paint require a lot of maintenance in harsh, high-traffic settings. Because virtual floor marking requires no repairs, it's the most cost-effective option out there. Most importantly: SignCast virtual signs are easy to install.

Lean Manufacturing & 5S

Lean manufacturing is a school of thought that approaches work seeking to deliver high-quality products to customers as efficiently as possible. As one of the foundational methods of Lean, 5S focuses on creating a system of organization that is both easy to maintain and improves productivity and safety. Want your business to run more smoothly? Lean can help.

What is “Lean”?

Lean manufacturing seeks to improve production processes in an effort to increase efficiency. The methods of Lean manufacturing have been developed by some of the best engineers and management experts in the world, and these methods have transformed the way companies manufacture products. Lean can help transform your company's production.

◀ Digging deeper into Lean Manufacturing

Since Lean manufacturing encompasses a vast range of ideas, it can be overwhelming to figure out how to get started. We've made it easy.

Our resource center is designed to make learning about these new concepts as easy and painless as possible. Our articles are accessible and informative, and our glossary will help you understand the various terms associated with Lean manufacturing.

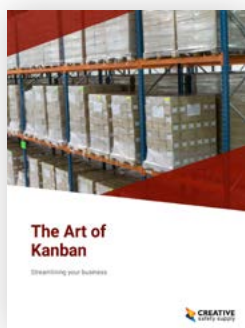

Lean Articles, Infographics, Podcasts and more:

www.creativesafetysupply.com/resources/lean-manufacturing

Check out our FREE Lean guides

These guides give a comprehensive overview to Lean concepts like 5S, Gemba, Kaizen, Kanban, and more. This information is a great way to start on your path to making your facility Lean.

www.creativesafetysupply.com/guides

What is 5S?

One of the foundational methods of Lean manufacturing, 5S is a systematic form of visual management designed to **maximize efficiency, production, and profit**. 5S consists of 5 steps that, once implemented, create and maintain smart production processes. If you are looking to improve the way your facility operates on a day to day basis, 5S is for you.

The five S's are:

Sort

Sort is the process of **removing** all the items not needed for current production from the workspace.

Set in Order

Set in order is the step where workers **organize** all the items left in the workplace in a logical way so they make tasks easier to complete.

Shine

Shine means workers make proactive efforts to keep work areas **clean and orderly** to ensure productive and purpose-driven work.

Standardize

Standardize calls for the **creation of standards** for both organization and processes. Essentially, this is where you take the first three S's and make rules for how and when these tasks will be performed.

Sustain

The Sustain stage of 5S calls for workers to **maintain new practices** and conduct audits to ensure standards stay in place.

As seen in the above photos, 5S takes messy areas and transforms them into sleek, tidy spaces where everything is accounted for and in its place.

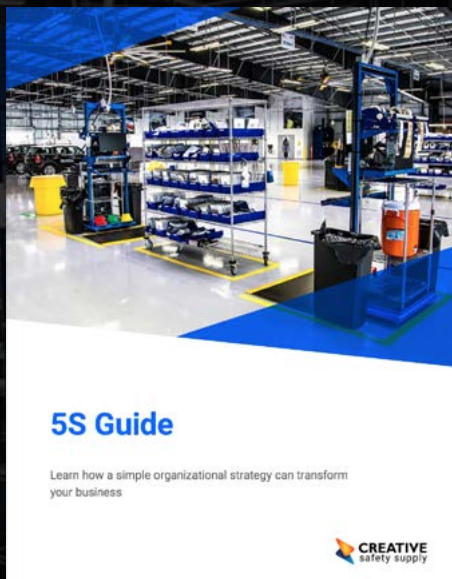

See more of our customer's 5S projects at www.creativesafetysupply.com/customer-photos

FREE DOWNLOAD: 5S GUIDE

This comprehensive, 24-page guide details how 5S programs work and explains how to start one of your own.

www.creativesafetysupply.com/guides

DOWNLOAD OUR FREE 5S GUIDE

5S programs transform messy workplaces into organized, efficient, productive machines. Read this helpful guide to learn how to implement a 5S program into your facility.

- **Presents information in a simple, shareable format**
- **Includes in-depth explanations of the steps of 5S**
- **Demystifies 5S's unique red tag strategy**
- **Covers the bonus 6th S, Safety**
- **Great for educating teams about the 5S methodology**

A

A. Tool Outline Vinyl / Shadow Board Tape

Create shadow boards for your tools and workplace items

- Trace your items, cut them out, then just peel and stick the shapes to a backing board or wall
- Each roll should be able to cover a 4' by 8' shadow board
- Roll dimensions: 15' L x 15" W

www.creativesafety.com/tool-outline-vinyl

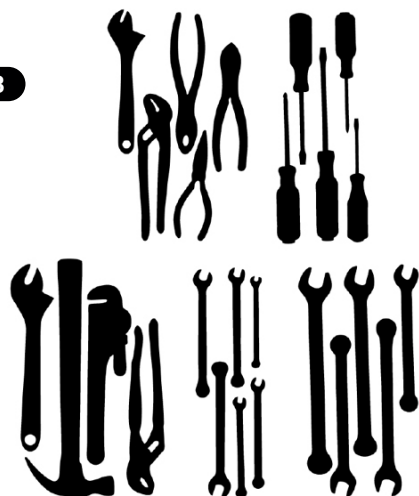

PART #	DESCRIPTION	PRICE
TOV01	Tool Outline Vinyl - Yellow	\$20.00
TOV02	Tool Outline Vinyl - White	\$20.00
TOV03	Tool Outline Vinyl - Black	\$20.00
TOV04	Tool Outline Vinyl - Red	\$20.00
TOV05	Tool Outline Vinyl - Green	\$20.00
TOV06	Tool Outline Vinyl - Orange	\$20.00
TOV07	Tool Outline Vinyl - Blue	\$20.00
TOV08	Tool Outline Vinyl - Gray	\$20.00

? How is this product used?

Creating a tool outline system with Tool Outline Vinyl/Shadow Board Tape is easy.

1. Roll out shadow board tape with the white backside facing up. Arrange tools on white backing in a way that makes logical sense to you, leaving at least a 1-inch clearance between tracing.
2. Take a pencil or marker and trace all of the desired tools onto the white backing. (The tracing on the back of the tape is the reverse of what it will look like from the front of the tape.)
3. Cut out the traced shapes.
4. Peel the white packing off and stick the vinyl shape to the desired surface (tool pegboard, for example).

B

B. 25pc Tool Shadow Sticker Set

Easily identify when a tool is in use or missing in 5S programs. Just peel and stick to your board! Each set contains the most popular tool shadows.

- Contents 25 pieces: 1 claw hammer, 1 small adjustable wrench, 1 large adjustable wrench, 1 small channel locking wrench, 1 large channel locking wrench, 11 sizes of combination wrenches, 5 assorted screwdrivers, 1 small pipe wrench, 1 pliers, 1 needle nose pliers, 1 diagonal cutter

❓ How to customize “You-Cut” Foam Tool Kits

1. Trace

Using a pencil or pen, trace the outline of tools or objects onto the white rear liner of the top sheet.

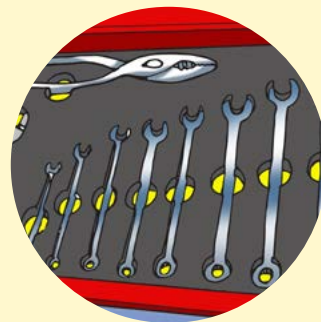

2. Cut

Using a fine bladed X-Acto knife or cutter, cut out the traced outlines from the top sheet. Remove the foam cutouts and discard.

3. Peel & Stick

Peel the white liner from the top sheet and adhere to the secondary/bottom sheet (if applicable).

4. Install

Place in your tool drawer and place the tools in their correct place. You're done!

The Errand Run video aims to get the audience thinking of their jobs in terms of a value stream. Second, to show the audience how to create value stream maps to identify and eliminate waste.

D. 5S Into Action

Professionally written and produced to ensure the key concepts of 5S are communicated to an audience that considers managers as well as employees.

E. Toast Kaizen

Whether you are already on the Continuous Improvement journey or you are just beginning to realize the power of continuous improvement implementation, this video is an essential learning tool for your entire workforce.

F. Xtreme Lean

The Xtreme Lean 5S Series is an informative, engaging 41 minute long video series. Produced to ensure the key concepts of 5S are communicated.

G. 5S- 5 Challenges

This DVD deals with the supporting activities crucial to sustaining 5S as an ongoing and fully integrated company-wide process.

H. 5S Garage

In a setting that should be familiar to everyone, the typical household garage, the audience is taken through each step of the 5S process from Sort through Sustain by Paul Schmid, Lean Facilitator and creator of 5S Garage.

Keep your facility safe, productive, and clean with eye-catching, OSHA-compliant signs

Signs

For a facility to operate smoothly, it needs an effective visual communication system. Floor signs, wall signs, labels, and other signage play a key role in informing people about hazards, instructions, wayfinding, and organizational requirements.

? How to Order Signs	105	No Smoking Signs	117
i ANSI 1967 vs. ANSI 2011	108	First Aid Signs	117
Danger Signs	109	Electrical and Lockout Signs	117

CUSTOMIZE ANY SIGN FOR FREE.

Each business has its own set of unique needs. We're happy to customize signs to meet your facility's specific requirements. Give us a call at 1-866-777-1360 to put your order in today.

Learn more: see page 107

How to Order Signs

Use the steps below to determine the right part number for the signs you are purchasing. Questions? Call us at 1-866-777-1360.

1. Choose design(s)

Browse through the following pages to find the right signs for your needs. When you make your selection, take note of the **base part number**, which will be displayed below the design.

WS26037

2. Choose a size and sign type

Select the desired dimensions for your sign using the chart below. Be sure to note both the **size code** as well as the **sign type code** (both shown in orange).

A First choose a size ... **B** then choose a sign type (see pg 106 for more info on sign types)

SIZE	SIZE CODE	PVC -PVC	ALUMINUM -AL	MAGNETIC -MG	PERMANENT ADHESIVE -PS	REMOVABLE ADHESIVE -RM
7" x 10"	-10	\$12.99	\$19.99	\$16.99	\$12.99	\$12.99
10" x 14"	-14	\$16.99	\$24.99	\$21.99	\$16.99	\$16.99
18" x 24"	-24	\$47.99	\$74.99	\$59.99	\$47.99	\$47.99
27" x 36"	-36	\$99.99	-	\$124.99	\$99.99	\$99.99

Custom sizes available, call for details

3. Complete final part number(s)

Combine the **base part number** with the corresponding **size code** and **sign type code** for the dimensions you've chosen to create the **final part number**. In this example, the sign is 10"x14" and is aluminum-backed.

Sign Finish Type Options

We offer a variety of sign types or finishes to match the needs of your application.
See page 105 for details on how to order a sign. Questions? Call us at 1-866-777-1360

PVC

PVC

Sign type code: **-PVC**

Most popular choice- Ideal for most indoor applications.

This durable, long-lasting material can weather UV rays, and is water and chemical resistant.

AL

Aluminum

Sign type code: **-AL**

Great for traffic signs, safety signs and more.

Rugged, rustproof white aluminum provides excellent performance for outdoor or indoor environments. (Available up to 24" sizes)

MG

Magnetic

Sign type code: **-MG**

Durable construction for magnetic applications.

Made from industrial-strength magnetic material, these signs are perfect for in-flux environments like warehouses.

PS

Permanent Adhesive

Sign type code: **-PS**

Just peel and stick for a long-lasting high quality sign.

Equipped with industrial-grade adhesive, these signs have the power to stick and stay for good.

RM

Removable Adhesive

Sign type code: **-RM**

Perfect for temporary uses. Can be reused in many applications.

This sign provides stellar performance while allowing for hassle-free removal.

ANSI 1967 vs. ANSI 2011

The Two Faces of OSHA Sign Compliance

To keep your company safe and OSHA compliant, you have two choices when it comes to safety signs—which style best suits you?

Since OSHA's 2013 Safety Sign update, businesses have two guides to follow to stay OSHA compliant. Companies can either adhere to USASI Z53 and Z35 (ANSI 1967) or ANSI Z535 (ANSI 2011).

Since both styles are OSHA compliant, this gives business some freedom of choice. Take a look at the differences in the two styles below, and pick whichever better fits your needs.

ANSI 1967

ANSI 2011

ANSI 1967	ANSI 2011
Often calls for short, easily-understood messaging	Messaging is often used for longer, more complex messaging
Doesn't always use symbols	Standardized, universally-understood symbols appear on every sign
Messaging is centered and text is written in all caps	Messaging uses mix of upper and lower-case letters that reads from left to right, which can be easier to read
Doesn't always incorporate description of hazard or consequence and instructive emergency statement	Includes additional information, such as hazard description and emergency info, which adds additional protection for company

Learn more:

www.creativesafetysupply.com/OSHAsigncompliance

Choose the right signal word and header for the hazard

(Note: ANSI 1967 styles vary slightly from ANSI 2011, but header color code and signal word is the same for each category)

What it means: If hazard is not prevented, it **will** result in **critical or fatal injury**.

(ANSI 2011) Red header, white text that states DANGER; (ANSI 1967) black/red header, white text states DANGER

What it means: If hazard is not prevented, it **could** result in **critical or fatal injury**.

Orange header, black text that states WARNING

What it means: If hazard is not prevented, it could result in **minor, nonlethal injury**.

(ANSI 2011) Yellow header, black text that states CAUTION; (ANSI 1967) black header, yellow text that states CAUTION

What it means: Sign contains **non-hazard**-related information.

(ANSI 2011 and ANSI 1967) Blue heading, white text that states NOTICE

SAFETY INSTRUCTIONS

What it means: Message contains **safety instructions or procedures**.

(ANSI 2011 and ANSI 1967) Green header, white text that states SAFETY INSTRUCTIONS

Danger Signs

 Used anywhere with **imminent** danger of **serious injury** or **death**.

Custom Warehouse/Logistics Signs

Visual communication helps industrial facilities operate better. We offer a wide arrangement of custom warehouse and logistical signs that will help your company thrive.

Ordering is easy! Just call us today

1-866-777-1360

or email custom@creativesafetysupply.com

Rack-Mounted Aisle Signs

Communicate aisle numbers to warehouse personnel to help keep operations streamlined, productive, and quick. A great addition to any area that requires visual marking.

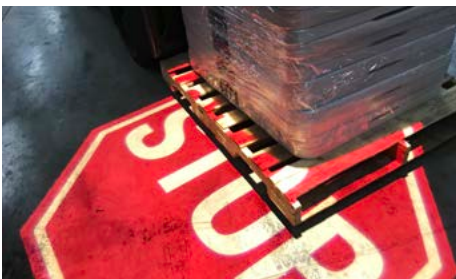

"Days Without Injury" Signs

Keep workplace safety at the forefront of their minds, and allow management to keep track of injuries. Make it easy to keep track of what type of incidents are reoccurring so that safety protocol can be updated accordingly.

Zone Signs

Keep warehouses safe, organized, and humming along with these zone signs. In heavy-trafficked areas of your facility, these markings can help improve efficiency.

Virtual Signs

Displays indestructible, bold signs and lines projected onto floors or other surfaces, which gives you and your employees bright visual cues while the hardware is mounted safely out of the way.

Wall Signs

Equipped with OSHA-compliant headings, signal words, and symbols. Available in several materials, including PVC, aluminum, and adhesive-backed vinyl.

Floor Signs

These floor markings help navigation and organization easier for workers and visitors. Save time and increase efficiency with aisle floor signs.

Restroom Signs

Restroom signs come in different shapes, colors, and designs, and will help your business stay in compliance with building codes, federal regulations, and your own design tastes.

Step up your facility's marking game with tough Floor Signs.

A good floor sign should be able to handle heavy-duty industrial traffic, withstand water and chemical spills, and resist UV damage. Our floor signs do that and more. These durable signs will last a long time without losing color or top-layer traction. These signs can inform and instruct workers in areas where posting a wall sign isn't a viable option.

- Made from durable materials, perfect for extreme environments
- Resistant to forklift and foot traffic
- Available in 13 standard sizes plus custom sizes
- 100% customizable. Call for details

48" x 32"	-48	\$169.00

3. Choose sign options

Choose the type of adhesive you want on your floor signs (does not affect price). Take note of the **option code**.

OPTION	OPTION CODE
Permanent	-PS
Removable	-RM

We also offer an "HD" sign option that is 2x thicker, and designed to be used in the toughest of environments. (+25% price; Add -HD to the end of the p/n)
Contact us for details: 1-866-777-1360

4. Complete final part number(s)

Combine the **base part number** with the corresponding **size code** and **option code** for the dimensions you've chosen to create the **final part number**. *In this example, the sign is 24" in diameter with permanent adhesive.*

Door Swing Signs

CUSTOMIZABLE
PRODUCT

Highly visible door swing area floor signs are perfect for high-traffic doorways. Door swings come in half and full sizes, and these floor markings are built with tough, industrial strength material.

- Prevent items, equipment and people from blocking doorways
- Available in both half-swing and quarter-swing options
- Fits door frame widths from 28" to 36"
- Extremely durable

? How to Order Door Swing Signs

To build part number, start with **base part number** (ie: FS40001) and add two digit **size code** modifier (ie: -36) to create a final part number of FS40001-36

SignCast™ S300 Unit

SKU: S300 | \$1,949.99/ea.

Call us to place an order- 1-866-777-1360

SignCast™ Virtual Floor Signs

The SignCast™ S300 Virtual Sign unit is the ideal way to display bright floor and wall signs in locations where high traffic or uneven floors make using traditional signs difficult. This model works well in almost all lighting conditions and it's easy to mount and adjust. Once installed, there's virtually no maintenance, and you won't need to worry about replacing damaged signs on your floors or walls.

- Choose from a variety of common images or get a custom image
- Bold and bright- signs are vividly displayed in most lighting conditions
- Indestructible- with hardware mounted out of the way, your sign is forever safe from forklifts, trucks, and other traffic
- Signs can be virtually any size- contact us for more info
- Powered by ETC® / 1 year manufacturer warranty

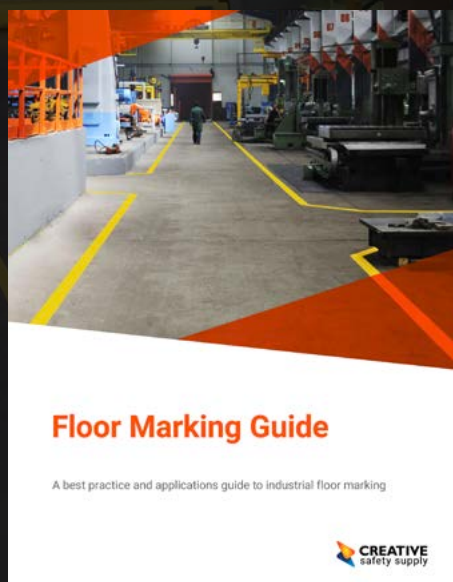

⚠ To place an order you'll need to know:

- Approx. mounting height *(Distance from floor to your mounting location)*
- Approx. desired sign size

📘 How SignCast™ Virtual Floor Signs work

Using state-of-the-art laser technology, the SignCast™ Virtual Sign unit displays bright, eye-catching signs that can't be worn down by foot or forklift traffic. Using an image plate and a high-output LED bulb, SignCast™ Virtual Sign units project a clear sign of up to 20' x 20'. Have any additional questions about SignCast™? Give us a call at 866-777-1360

DOWNLOAD OUR FREE FLOOR MARKING E-BOOK

Floor Marking can help your facility with

- ✓ Lower costs
- ✓ Better quality
- ✓ Improve safety
- ✓ Increase productivity
- ✓ Higher employee satisfaction

This comprehensive guide teaches how to make the most of your floor tape and signs. Industrial facilities run more efficiently when floor marking directs people where to go, so if you haven't yet implemented floor marking for visual communication, now's the time.

SURPRISE! IT'S OSHA!

ARE YOU PREPARED?

OSHA Inspection Preparation Checklist
creativesafetysupply.com/resources

If an OSHA inspection happens at your facility, you won't get prior warning. The best way to prepare for an OSHA inspection is to have an active health and safety program that you regularly assess. The checklist below covers a wide range of safety topics that are frequently a part of typical OSHA inspections to help you perform assessments. When a topic doesn't apply to your facility, skip it and move on to the next one. Once you're finished, you'll have good sense of where your safety strengths and weaknesses are.

Inspection performed by _____ Date _____

RECORDKEEPING

- ☐ All injuries and illnesses (other than those only requiring first aid) are recorded on the OSHA 300 log.
- ☐ Employee training records are available for review.

WRITTEN PROGRAMS

- ☐ A documented Hazard Communication Program exists and Safety Data Sheets (SDS) are accessible to employees.
- ☐ The confined space program, including procedures for obtaining permits and entering permit-required confined spaces, is documented.
- ☐ The lockout/tagout program is clearly written so employees know how to de-energize equipment.
- ☐ A written respiratory protection program lays out the rules of selecting, testing, wearing, storing, and cleaning this personal protective equipment (PPE).

SAFETY AND HEALTH PROGRAM

- ☐ An active safety program exists for maintaining employee safety and health, and it's clear who is in charge of this program.

EMPLOYER POSTING

- ☐ The mandatory OSHA Job Safety and Health Protection Poster is prominently displayed where employees can see it.
- ☐ Emergency phone numbers are clearly posted.

FIRST AID

- ☐ Stocked first aid kits are available in all work areas. Someone is responsible for refilling these on a regular basis.
- ☐ Eyewash stations, sinks, and/or showers are available for flushing the eyes or skin after exposure to harmful substances.
- ☐ Employees have received appropriate first aid training and instructions about what to do in an emergency.

Eye Protection

Eye Protection prevents vision from being damaged by the hazards present at most jobsites. These safety glasses are the best in the business, and come with cool features like fog resistance.

www.creativesafety.com/eyewear-protection

• These products meet ANSI Z87+ Standards

A. Radnor® Classic Series Safety Glasses With Clear Frame And Clear Polycarbonate Anti-Scratch Lens

- Durable, lightweight polycarbonate lens with a scratch-resistant coating
- Flexible temple design accommodates a variety of cords

A

PART #	DESCRIPTION	PRICE
RAD64051205	Classic Series Safety Glasses - Each	\$1.24
RAD64051205-12	Classic Series Safety Glasses - Box (12 each/box)	\$9.99
RAD64051205-144	Classic Series Safety Glasses - Case (144 each/case)	\$99.99

B. Radnor® Classic Plus Series Safety Glasses With Clear Frame And Clear Polycarbonate Hard Coat Lens

- Sporty swept-back lens design
- Hardcoat polycarbonate lens guards against scratching, static and chemical attack

B

PART #	DESCRIPTION	PRICE
RAD64051220	Classic Plus Series Safety Glasses - Each	\$1.99
RAD64051220-12	Classic Plus Series Safety Glasses - Box (12 each/box)	\$19.99
RAD64051220-144	Classic Plus Series Safety Glasses - Case (144 each/case)	\$199.99

C. Radnor® Classic Series Safety Glasses With Gray Frame And Gray Polycarbonate Anti-Scratch Lens

- Wraparound single lens design with scratch-resistant lens coating
- Durable, lightweight polycarbonate lens

C

PART #	DESCRIPTION	PRICE
RAD64051206	Classic Series Safety Glasses, Gray - Each	\$1.24

Hearing Protection

Hearing protection equipment combats the damage caused by being in such close proximity to loud machinery over a long period of time. This PPE is versatile, comfortable, and ensures the health of workers' ears.

www.creativesafety.com/PPE/hearing-protection

A. Honeywell Howard Leight/FirmFit™ Cylinder PVC Uncorded Earplugs

- Greater protection - effective NRR 30 db provides excellent protection in most medium-to-high noise environments
- Easy to insert requires less pressure to roll down
- Slow recovery rate

PART #	DESCRIPTION	PRICE
HONFF-1	Honeywell Howard Light/FirmFit™ Earplugs - Each	\$0.13
HONFF-200	Honeywell Howard Light/FirmFit™ Earplugs - Box (200 each/box)	\$26.00
HONFF-2000	Honeywell Howard Light/FirmFit™ Earplugs - Case (2,000 each/case)	\$260.00

B. Moldex® Pura-Fit® Tapered Foam Polyurethane Uncorded Earplug

- 100% PVC-Free
- Highest Independently tested to ANSI S3.19-1974 with a NRR 33
- Tapered, improved, softer foam for maximum comfort
- Non-irritating smooth surface and longer length for easy fitting and removal

PART #	DESCRIPTION	PRICE
MOL6800	Moldex® Pura-Fit® Tapered Earplugs - Each	\$0.13
MOL6800-200	Moldex® Pura-Fit® Tapered Earplugs - Box (200 each/box)	\$39.17
MOL6800-2000	Moldex® Pura-Fit® Tapered Earplugs - Case (2,000 each/case)	\$391.68

C. Honeywell QM24+ Multi Position Earmuffs

- Multiple-position headband allows wearer to select position over-the-head, behind-the-head or under-the-chin
- Ultra lightweight design

PART #	DESCRIPTION	PRICE
HONQM24PLUS	Honeywell QM24+ Multi Position Earmuffs - Each	\$10.05
HONQM24PLUS-20	Honeywell QM24+ Multi Position Earmuffs - Case (20 each/case)	\$201.00

D. 3M™ Optime™ 98 Yellow And Black Helmet Mount Earmuffs

- Universal mounting attachment fits most hard hats
- Earcup pivot points tilt for optimum comfort and efficiency
- Ultra light with liquid/foam filled earmuff cushions
- Color-coding for compliance sighting
- For noise levels up to 98 dBA

PART #	DESCRIPTION	PRICE
3MRH9P3E	3M™ Optime™ 98 Helmet Mount Earmuffs - Each	\$16.31
3MRH9P3E-10	3M™ Optime™ 98 Helmet Mount Earmuffs - Case (10 each/case)	\$163.07

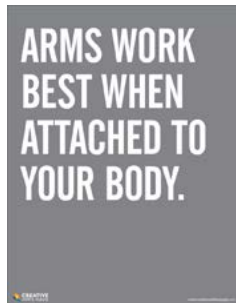

Safety Posters

Optional Add-ons for Posters

Add UV Lamination +\$4.50/ea

Posters look their best at their brightest, so preserve the life of your poster by protecting it from fading with UV lamination.

Add Poster Hangers +\$8.25/ea

Plastic hanging clips make it easy to display posters in any location without damaging the poster.

Add Poster Sleeve +\$14.95/ea

Clear plastic poster sleeves can display the poster vertically or horizontally, and will extend the life of the image exponentially.

Spill Kits

Don't let potential Spill Hazards turn into dangerous and costly events- Our Spill Kits are designed to protect you against Oil Spills, Hazardous Chemical Spills, or other spills. Spill kits contain specially formulated sorbent socks and pads designed for these specific events.

www.creativesafety.com/Spill-Kit

A. Trucker Spill Kit

- Contents: 20 heavyweight sonic bonded pads, 3 sorbent socks, 2 yellow disposal bags and ties, 1 pair nitrile gloves, 1 pair safety goggles, 1 vinyl spill kit label and 1 large clear carrying bag.
- Absorbency: up to 9.2 gal. per package

PART #	DESCRIPTION	PRICE
SPKU-TRK	Trucker Spill Kit: Universal	\$43.99

B. 5 Gallon Spill Kit

- Contents: 10 heavyweight sonic bonded pads, 2 sorbent socks, 1 yellow disposal bag and ties, 1 pair nitrile gloves, 1 pair safety goggles, 6 tamper proof labels, 1 vinyl spill kit label and 1 white 5 gallon overpack with screw top lid.
- Absorbency: up to 4.6 gal. per package

PART #	DESCRIPTION	PRICE
SPKO-5	5 Gallon: Oil Only	\$79.99
SPKHZ-5	5 Gallon: Hazardous Contents	\$79.99
SPKU-5	5 Gallon: Universal	\$79.99

C. 20 Gallon Spill Kit

- Contents: 25 heavyweight sonic bonded pads, 4 sorbent socks, 2 sorbent pillows, 2 yellow disposal bags and ties, 1 pair nitrile gloves, 1 pair safety goggles, 6 tamper proof labels, 1 vinyl spill kit label and 1 yellow 20 gallon overpack with screw top lid.
- Absorbency: up to 16.4 gal. per package

PART #	DESCRIPTION	PRICE
SPKO-20	20 Gallon: Oil Only	\$145.99
SPKHZ-20	20 Gallon: Hazardous Contents	\$145.99
SPKU-20	20 Gallon: Universal	\$145.99

D. 50 Gallon Spill Kit

- Contents: 100 heavyweight sonic bonded pads, 6 sorbent socks, 4 sorbent pillows, 1 - 7" epoxy putty stick, 1 glow light stick, 1 emergency response guidebook, 3 yellow disposal bags and ties, 2 pair nitrile gloves, 1 pair safety goggles, 6 tamper proof labels, 1 vinyl spill kit label and 1 yellow 50 gallon wheeled overpack with screw top lid, integrated handles and wheel.
- Absorbency: up to 45.7 gal. per package

PART #	DESCRIPTION	PRICE
SPKO-50	50 Gallon: Oil Only	\$415.99
SPKHZ-50	50 Gallon: Hazardous Contents	\$415.99
SPKU-50	50 Gallon: Universal	\$415.99

E. 95 Gallon Spill Kit

- Contents: 150 heavyweight sonic bonded pads, 12 sorbent socks, 6 sorbent socks, sorbent pillows, 3 tubs plug and dike epoxy, 2 pair nitrile gloves, 1 pair safety goggles, 4 gray disposal bags and ties, 1 emergency response guidebook, 6 tamper proof labels, 1 vinyl spill kit label and 1 95 gallon overpack with screw top lid.
- Absorbency: up to 84 gal. per package

PART #	DESCRIPTION	PRICE
SPK0-95	95 Gallon: Oil Only	\$510.38
SPKHZ-95	95 Gallon: Hazardous Contents	\$510.38
SPKU-95	95 Gallon: Universal	\$510.38

F. 10 Gallon Universal Camo Duffle Spill Kit

- Contents: 15 gray universal heavyweight FineFiber pads, 2 gray universal sorbent socks, 2 gray universal sorbent pillows, 1 7" epoxy putty stick, 1 glow light stick, 1 yellow disposal bag and ties, 1 pair of nitrile gloves, 1 pair of safety goggles, 1 water resistant camo bag with two large end pockets and mesh pocket for damp items.
- Absorbency: up to 9.6 gal. per package

PART #	DESCRIPTION	PRICE
SPK0-CAMO-BG	10 Gallon Spill Kit with Camo Duffle Bag	\$79.99

G. 10 Gallon Universal Black Duffle Spill Kit

- Contents: 15 gray universal heavyweight FineFiber pads, 2 gray universal sorbent socks, 2 gray universal sorbent pillows, 1 7" epoxy putty stick, 1 glow light stick, 1 yellow disposal bag and ties, 1 pair of nitrile gloves, 1 pair of safety goggles, 1 water resistant black bag with two large end pockets and mesh pocket for damp items.
- Absorbency: up to 9.6 gal. per package

PART #	DESCRIPTION	PRICE
SPK0-BLK-BG	10 Gallon Spill Kit with Black Duffle Bag	\$79.99

H. Personal Protection Kit

All the personal protective equipment you need in one convenient grab-and-go kit.

- **DOES NOT CONTAIN SORBENTS. KIT CONTAINS SPILL PPE (Personal Protective Equipment)**
- Contents: 3 pairs of Tyvek coveralls, 3 pairs latex boot covers, 3 pairs nitrile gloves, 3 pairs safety goggles, 3 yellow disposal bags and ties, 1 emergency guidebook, 1 yellow zip closure bag to hold kit.

PART #	DESCRIPTION	PRICE
PPE-KIT	Personal Protection Spill Kit	\$99.99

Need extra Sorbent? No problem—for your convenience, we also sell loose sorbent to supplement your spill kits.

Browse loose sorbent at www.creativesafety.com/spill-kit

DOWNLOAD OUR FREE SPILL KIT E-BOOK

- Outlines the contents of common spill kits
- Identifies important PPE for working with chemicals
- Comprehensively explains how to handle spills

Because spills pose hazards to people, it's imperative that companies handle these chemical incidents swiftly, efficiently, and in OSHA-compliant ways. This Spill Kit Guide explains how to prepare for a spill with sample procedures and advice for choosing an appropriate spill kit for your facility.

Arc Flash Calculation Software

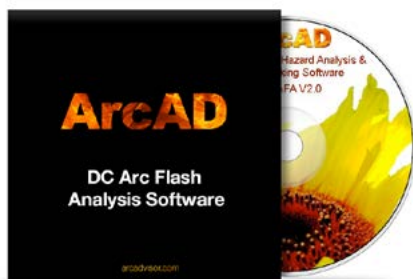

A. ArcAd Arc Flash Analysis (v6.0)

Arc Flash Analytic (AFA) software has been developed based on NFPA 70E Standard for Electrical Safety in the Workplace and IEEE 1584 2nd Edition year 2018 Guide for Performing Arc-Flash Hazard Calculations as easy to use and comprehensive instruments for calculating arc incident energy and arc flash boundary, for determining limited, restricted, prohibited approach boundaries and hazard levels required by NEC / CEC and OSHA when work is to be performed on or near the energized equipment.

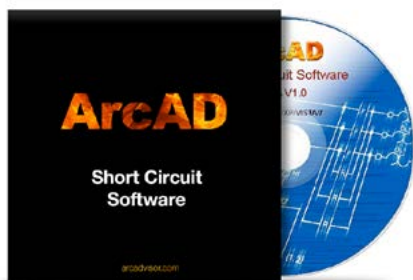

- Calculator-style interface makes complex calculations easy to understand
- Provide a safer working environment by specifying the proper level of personal protective equipment
- Ensure compliance with NEC, OSHA, NFPA 70E, IEEE P1584 and CSA Z462 standards and regulations.
- Evaluate Threshold Incident Energy for a Second Degree Burn

A

B

C

B. ArcAd DC Arc Flash Analysis

DCAFA v2.0 software has been developed as an easy to use and comprehensive tool for calculating arc incident energy and arc flash boundary. This software simplifies determining limited, restricted, prohibited approach boundaries and hazard risk category in DC power systems when work is to be performed on or near the energized equipment.

The program performs the analysis based on a DC power system voltage, available short circuit current and time constant values, equipment configuration, working distance, fixed or variable gap between conductors and protective device time-current characteristics.

- Calculate direct current arc with a simple to use interface
- Includes built-in and expandable circuit protection device library
- Applicable for systems with voltages in the range of 125 to 2000VDC, short circuit currents from 1 to 50kA, circuit time constants from 0 to 50msec

C. ArcAd Short Circuit Analysis

The Short-Circuit-Analytic (SCA) software performs available fault currents calculations in three-phase electric power systems you are working with. The program takes into consideration electrical parameters of the power supply as well as the power distribution system including utility, cables, bus ducts, transformers, generators, motors etc.

SCA automatically converts the entire system into a unique impedance unit from which the short circuit current at each and every point is calculated. The process is simple, efficient and will save you both money and time.

- Calculates minimum and maximum available 3-phase short circuit currents at each bus within your power distribution system
- Computes contributions from generators and motors
- Prints out multi-page single line diagrams
- Saves calculation results and equipment data

PART #	DESCRIPTION	PRICE
AFA6	A. AFA Software v.6.0	\$360.00
AFADC	B. DC AFA Software	\$240.00
AFASC	C. Short Circuit Software	\$159.00

LabelTac® Pro X Arc Flash Labeling Bundle

SKU: PKG-AF-LTPX

5 to 10 Arc Flash incidents happen every day. With this LabelTac® Pro X Arc Flash Bundle, you can create custom Arc Flash and safety labels to help prevent injury from these kind of accidents.

We include the popular ARCAD software which allows you to input information and generate labels, which can then be printed on your LabelTac system.

BUNDLE INCLUDES:

- LabelTac® Pro X Printer
- LabelSuite™ Label and Sign Printing Software
- 1 Roll: 2" Orange Label Supply (150')
- 1 Roll: 2" Red Label Supply (150')
- 200 OSHA Warning Header Labels, 4"x6" (1 Roll)
- 200 OSHA Danger Header Labels, 4"x6" (1 Roll)
- 1 Black Print Ribbon (984')
- ArcAd 6.0 Arc Flash Analysis Software

MSRP: \$2,398.95 Bundle Price: \$2,069.00

YOU SAVE: \$329.95

Includes Arc Flash Analysis Software + Easy Label Printing Software

With the included LabelSuite™ and ArcAd softwares, you can audit your facility and print durable labels with ease.

LabelTac® 4 Pro and Pro X Arc Flash Supply Bundle

SKU: SUP-ARC-LT4P

If you already own a LabelTac® 4 Pro or Pro X label printer, then this bundle is all you need to get your Arc Flash labeling project underway.

BUNDLE INCLUDES:

- 1 roll 4X6 "Danger" die-cut header supply (LT46DANGB)
- 2 rolls 4X6 "Warning" die-cut header supply (LT46WARN)
- 1 roll 2" red supply (LT204)
- 1 roll 2" orange supply (LT206)
- 1 roll 4" black ribbon (LPR03)

MSRP: \$1,009.94 Bundle Price: \$892.00

YOU SAVE: \$117.94

ARC Rated, Mesh, Hi-Vis Flame Resistant Class 2 Vest

- Flame Resistant modacrylic (6.5oz) mesh.
- 2" flame resistant reflective tape.
- Inherent flame resistant qualities will not diminish.
- Hook and loop closure.
- Pockets: 1 internal.
- To be worn over ARC rated clothing only.
- Sizes: M - 5XL

Removable Bollards

Removable Bollards make allowing or restricting access quick and hassle-free. The embedment sleeve has a smooth, hinged lid that doesn't protrude when closed. The lid can then be secured with a padlock to make sure the bollards stay in place.

Made with powder-coated yellow carbon steel, removable bollards are ideal for restricting access to walking paths, park entrances, or secured private access point. These removable security solutions are easy to install and convert quickly.

- 4"x36" or 6"x36"
- Easily secured with external padlock
- Flush mount 12" long embedment sleeve
- Powder coated yellow carbon steel
- Dome top

PART #	DESCRIPTION	PRICE
RMB436Y	Removable Bollard - 4" x 36"	\$449.95
RMB636Y	Removable Bollard - 6" x 36"	\$554.95

Bolt Down Bollards

Whether you need a 4" or 6" O.D. bollard post, the bright yellow Sched. 40 pipe posts with weld-on top caps and sturdy base plates are the right choice for protecting sensitive property or machinery from possible vehicle collisions.

- Easy to install - Save time!
- No core drilling required
- Sched. 40 construction
- Comes in bright "Safety Yellow"
- 1-year warranty
- Bolts and anchors may be added for an additional charge (+\$9)

BDB6-42-BA	Bolt Down Bollard - 6" x 42" w/ bolts & anchors	\$253.95

Collision Sentry Warning System

In industrial settings where forklift traffic and pedestrians intersect, Collision Sentry® forklift collision detection and avoidance products can help reduce or eliminate “blind corner” collisions by providing a visual warning that alerts forklift drivers and pedestrians to approaching traffic. Working like a traffic light to flash a warning, the patent-pending Collision Sentry is easy to install, self-powered, highly visible and reliable.

PART #	DESCRIPTION	PRICE
CLN-200	Collision Sentry System - 1 unit	\$279.50
CLN-A-165-CTN8	Collision Sentry System - 8-pack	\$2,232.00

Self-powered

- Uses standard D - cell alkaline batteries, eliminating the need for any wiring to a facility's electrical system.
- Batteries are designed to operate for one to two years depending on usage.
- Low-battery indicator sends a warning well in advance of batteries needing replacement. Replacement batteries are readily available.

Passive Infrared Motion Sensors

- Programmed to detect motion on both sides of the corner.
- Sends ample warning to the forklift driver and the pedestrian to correct their movements.
- PIR sensors are a proven technology used in security lighting and alarm systems.
- Forklift collision detection and avoidance products are rugged, feature a wide lens range and don't wear out.
- PIR sensors are pre-set and ready to use. No adjustment necessary.

Highly visible LED lights

- Flash a warning when motion is detected from both directions.
- Long life, require minimal or no replacement.
- Warning lights flash only when someone is really there. Less false reads.
- Send powerful visual warning of a possible collision.

Portable

- Requires minimal space and no tools for installation.
- Installs easily and virtually anywhere.
- The unit is compact, lightweight and can be deployed immediately following installation.
- Can be easily snapped onto pallet racking systems using included magnet mounts.
- Tether included with each forklift collision detector for added fastening security.

UEI Test Instruments

When accuracy means everything and “pretty close” just isn’t close enough, turn to UEI’s wide range of test products. Whether you’re checking the temperature of a pizza, monitoring the humidity of your HVAC system, weighing freight, or hunting for explosive gases, UEI offers a reliable, cost-effective solution that will meet your exact needs.
