

LISTA GENERAL STORAGE CATALOG

Lista offers a comprehensive array of innovative storage systems and accessories, all of which are described in this catalog. Within the following pages, you'll find:

- Easy-Order offerings of a broad array of Lista products
- A wide selection of accessories that allow you to create your own custom solutions
- Other specialized workspace solutions such as overhead cabinets and computer cabinets
- And much more!

You can use this catalog to order the workspace and storage systems that exactly suit your individual needs.

To help you navigate the catalog, our sections are color coded:

Full Depth Cabinets

Shallow Depth Cabinets

Storage Wall Systems

Tool Storage

Unique Workspace Solutions

Drawer Accessories

Information about ordering custom configured products is indicated in **yellow**, and Easy-Order combinations are indicated in **green**.

For in-depth index, see page 123.

Index 123

At Lista, we provide more than efficient storage space; we also create productive working environments that:

- Are secure, built-to-last solutions
- Offer the greatest possible density, organization and access
- Are ergonomically designed with the user in mind
- Are constructed from the highest quality materials
- Provide a durable, high-quality, attractive powder coat finish

OUR OPENING ATTRACTION

Lista drawers are the centerpiece of our modular building block system because they:

- Provide complete organization of tools, components or instrumentation, right at the point of use
- Feature an advanced drawer suspension system that provides smoother, quieter performance and impressive cycle life (see page 12 for details)
- Maximize use of cubic capacity for improved space utilization
- Are available in a wide variety of sizes and shapes
- Can be subdivided to create custom compartments

THE ALTERNATIVE TO SHELVING

When you replace shelving with Lista cabinets, you maximize space, enhance inventory control and protect your tools and parts from dust, dirt and shrinkage. When deciding where to invest your business dollars, consider the savings you get from Lista cabinets in:

- Space
- Time
- Money

The installation of Lista cabinets provides for organized storage, maximized density and easy inventory control. This previously disorganized working environment (left) is now clean, professional and aesthetically pleasing (right).

BUILT TO LAST

The result of high-quality, all-steel construction and innovative engineering and design, Lista products are built to provide decades of functionality and ease of use in the most rugged working environments. An investment in a Lista modular workspace system will still be paying dividends years from now with safe, convenient storage and problem-free operation.

Thirty-year-old Lista cabinets stand the test of time. Installed at the General Electric Steam Turbine Division, Lista cabinets were still in use three decades later. The cabinets store a variety of heavy machine tooling equipment, such as turbine casing tools, end mills and cutting tools. GE's program manager of computer aided manufacturing says, "Lista cabinets don't wear out, and there's no real maintenance to speak of."

Design services

Lista's engineering and design team is ready to provide you with a detailed plan for your individual workspace and storage needs, free of charge. We offer solutions that are designed for maximum efficiency and future flexibility, optimizing space and profitability.

- **Price quotes.** We are happy to provide free estimates and price quotes for any project, regardless of size.

Custom applications

When you work with Lista, you're certain to get the workspace you need. Together, our engineering and manufacturing teams will work closely with you to analyze your needs and modify our standard products to meet your special requirements.

Unmatched customer support

Lista has knowledgeable, helpful resellers throughout North America. No matter where you are, their guidance, products and support are always close at hand.

- **Floorspace utilization analysis.** We can prepare plan and elevation CAD drawings for a grouping of products, or entire room-sized solutions.
- **Customized surveys and layouts.** Lista experts will survey your current and future storage and workspace needs, and propose solutions that provide the highest density and greatest productivity.
- **Integration with architectural and construction planning.** Rely on our experience with coordinating with architectural and construction professionals at any stage of a project's development.

Lista Drawer Storage Cabinets

Lista cabinets can be configured in a variety of ways, using high-density drawers, convenient roll-out trays, and shelf cabinets for bulk storage. At Corporate Jet Support in Moonachie, NJ, rows of stacked HS shallow depth drawer and shelf cabinets provide high-density storage for aircraft parts in a wide range of sizes and shapes.

Lista Cabinets Make Any Workspace Work

Lista's versatile and flexible storage cabinets are an ideal fit for a wide range of workspace and storage needs – from manufacturing to warehousing to research and development.

Clusters of mobile repair stations show off their versatility by allowing for grouped arrangements. Singly, these workcenters can be easily moved to the point of repair for convenience and increased productivity.

This major microchip manufacturer equipped the mobile aisles in its warehouse with stacked Lista drawer and shelf cabinets. The cabinets perfectly fit the mobile aisle housings, and their one-drawer-at-a-time PrevenTip® feature fits the company's safety needs.

By topping a row of Lista cabinets with a butcher block counter top, Mary Hitchcock Hospital's maintenance area created an efficient issue counter with plenty of convenient under-counter storage.

Rusty Wallace, Inc. outfitted its shop with a variety of Lista storage cabinet solutions, including drawer cabinets and double-hinged door cabinets with shelves and roll-out trays. This configuration enables the race team to store everything from small parts to large supplies and equipment in the same work bay.

Lista's full height sidewalls, partitions and dividers allow the complete use of the cubic storage capacity of the drawer.

The wide variety of Lista storage options allows this maintenance area to accommodate items in a variety of sizes and shapes, stored in a convenient and logical manner.

Stacked Lista cabinets at this government agency's repair facility feature a variety of door styles to protect contents in drawers, on shelves and on roll-out trays.

A row of Lista cabinets with stainless steel cabinet covers provides a combination of clean, organized storage space with convenient counter space. Overhead cabinets supported by stationary riser shelves allow storage of a wide variety of books, manuals and instruments in close proximity to the work area.

Lista Cabinets Have More of What You Need

We pack every Lista storage solution with more of the features you need to create the most productive work environments.

With their all-steel construction and heavy-duty welds, these storage solutions are built for the long haul.

Lista has modular drawer storage cabinets that perfectly suit the widest range of applications. Our cabinets:

- Provide the highest density storage
- Provide maximum weight-bearing capacity, organization and access
- Feature all the benefits of our unique, infinitely customizable drawer
- Offer the flexibility to adapt to your future requirements

Innovative handle covers, supplied with all cabinets, protect drawer labels from handling, tears, spills, grease, grime, etc. The clear plastic hinged cover resists yellowing while clearly displaying the information on labels. Bar codes protected by the hinged label covers are easily read by bar code readers.

Feature: Variety of locking systems

Security options to suit the widest variety of applications. Removable/replaceable lock core for field repairs. See pages 62-63 for details.

Benefit: Reduces shrinkage, limits access, improves safety, easily retrofitted and updated

Feature: 100% full extension on drawers and roll-out trays

Continuous smooth extension even with a full 440 lb. load

Benefit: Easy access and full use of the furthest corner of storage

Feature: Drawer dividers with ability to add labeling

Angled tops allow easy identification of contents, and can accommodate most text and bar code labels. Dividers can be fastened to drawer bottom for mobile applications.

Benefit: Fast, accurate identification of compartment contents and easier inventory control

Feature: Housing supports slotted at 1" increments

Drawers, shelves and roll-out trays can be assembled in any sequence

Benefit: Easily reconfigured for maximum versatility

Feature: Customizable drawer compartments

Drawers have partitioning slots on all four sides and can be subdivided with a wide variety of drawer accessories for maximum partitioning flexibility. See pages 119-122 for details.

Benefit: Better organization, faster retrieval

Feature: Ergonomic handles

When drawers are closed, handles are flush with housing so nothing protrudes. Drawer handles are full width, and are located at top of drawer.

Benefit: Improved safety, appearance and ergonomics

Feature: Hinged drawer handle covers/label holders

Unique handle cover has hinged plastic cover that easily opens and closes to allow labels to be added and changed, while protecting labels from handling, tears and dirt. Drawers and contents can be labeled with free, downloadable Lista Script software.

Benefit: Faster retrieval and easier inventory control

Feature: PrevenTip® interlock system

Unique, patented drawer locking system ensures that when one drawer is extended, all other drawers are locked closed to prevent accidental tip-over

Benefit: Added safety and security

Feature: Variety of bases

Different bases allow for easy stacking or moving with a fork or pallet truck, even when fully loaded. Mobile bases can be added to most cabinets. See pages 39 and 59 for details.

Benefit: Flexibility and ease of relocation or rearrangement

A variety of locking options offer the exact security enhancements your application demands. For more information, see page 62.

Casters can be added to most Lista cabinets to transform them into mobile workstations on wheels. For more information, see pages 64-66.

Lista's Unique Drawer Construction – Unequaled Performance

Lista drawers set the standard in quality modular storage worldwide. In fact, our drawers have measured up to the RAL standards, a rigorous set of independent benchmarks for drawer performance (see below).

Unique drawer construction

Lista's drawers are constructed like no other competitive drawer. Their superior engineering and construction give them outstanding capacity and durability.

All our drawers and roll-out trays extend 100% from the cabinet housing, allowing easy, ergonomic access to the entire contents, even in the farthest corners. All four sides of the drawer are fully reinforced for maximum integrity.

We offer two drawer weight capacities – 440 lbs. (200kg) and 165 lbs. (75kg). See the chart below for which capacities are available for each of our housing footprints.

DRAWER WEIGHT CAPACITIES

NW Width	165 lbs.
MP Width	165 lbs.
	440 lbs.
SC Width	440 lbs.
MW Width	440 lbs.
DW Width	440 lbs.
CL Width	165 lbs.
ST Width	165 lbs.
	440 lbs.
HS Width	440 lbs.

ONE-PIECE DRAWER FACE AND HANDLE

Lista's drawer front has an integral handle and is welded to the bottom of the drawer for added stability (shown to the right without handle end cap). No hardware is used to attach the drawer front or handle, resulting in superior durability and ergonomic safety.

SUSPENSION SYSTEM

Our exclusive suspension system incorporates a guide track, which wraps under the drawer body for additional stability and strength. This unique system features quiet Polyoxymethylene (POM) bearings, combining strength, hardness, dimensional stability, fatigue resistance, low wear and low friction, to give Lista drawers remarkably smooth, quiet operation.

FULL HEIGHT SIDEWALLS

Pack our drawers to the top.

Our six full-height sidewalls allow for optimal use of the system's cubic storage capacity. Items stored in the drawer won't fall out either the sides or the back of the drawer. Additionally, we offer six matching partition and divider heights to allow maximum use of the cube in each and every drawer compartment.

DRAWER PERFORMANCE

When we say our drawers provide unequalled performance, we have the results to back that claim up.

To test our drawers, we chose the RAL-RG 614 standard from the German Institute of Quality Assurance and Marking, a globally respected standard. This test required our drawers to pass a series of difficult test criteria.

In these demanding tests, Lista excelled. Both suspensions were tested and exceeded the required number of cycles without diminished performance.

Lista *Easy-Order* Full Depth Cabinets – 28 1/2" deep

Ordering an Easy-Order Lista cabinet or mobile cabinet takes just a few simple steps, and enables you to have a customized cabinet (down to the base, lock and paint color) without having to break a sweat.

TO ORDER AN EASY-ORDER COMBINATION:

STEPS TO ORDER AN EASY-ORDER FULL DEPTH CABINET

1 Select cabinet footprint and height

Select the particular cabinet size that best suits your needs. When choosing your housing height, keep in mind the cabinet top's potential use as a work surface. See chart above for pages showing the different housing footprints.

DRAWER HT. DRAWER INT.

2" (75F)	420
2" (75F)	420
3" (100F)	420
3" (100F)	420
5" (150F)	316
7" (200F)	209
7" (200F)	209

2

Select preferred drawer configuration

The column to the immediate right of each cabinet illustration indicates drawer heights.

3

Select drawer interior sets (optional)

Decide whether you want your cabinet to be pre-configured with drawer interior sets. The second column to the right of the illustration shows the numerical portion of the part number for the drawer interior sets which are included if you choose this configuration (designated by an "A" or "B" at the end of the part number – i.e., SC0750-0703FA or MW0900-0504FB). The chart below the illustration indicates the number of drawer compartments created by the interior sets (which are shown on the page following each footprint's Easy-Order models).

NW Narrow Width Easy-Order Cabinet Combinations

*inside usable drawer dimensions

NW Narrow Width Cabinets

- 100% extension drawers with 165 lb. load capacity

The slim footprint of these cabinets enables them to be used in a variety of tight spaces. They make especially versatile mobile cabinets.

How to order a Narrow Width Easy-Order Cabinet

1. Select Easy-Order Cabinet Combination either without or with drawer interior sets (designated by an "A" at the end of the part number – i.e., NW0600-0601NA). Drawer interior sets are shown on page 17.

2. Select base type.

NB = none
2FB = 2" frame base
4FB = 4" frame base
6FB = 6" frame base

For additional bases, see page 39; for Easy-Order mobile combinations, see page 16.

3. Select lock type.

NL = none
RG = individual
KA = keyed-alike
MA = master

For additional lock options, see page 62.

4. Select paint color. For color chart, see the back cover or below.

EXAMPLE: to order an NW0600-0402N cabinet with a 6" frame base, an individual lock and Bright Blue paint, the part number would be **NW0600-0402N-F6RBBB**.

NW Narrow Width **Easy-Order** Mobile Cabinet Combinations

Each mobile cabinet comes with:

- 2 fixed and 2 swivel casters with wheel locks
- Handles
- Individual drawer latches
- 100% extension drawers with 165 lb. load capacity

How to read the charts on this page

The 2 columns to the right of each cabinet illustration indicate:

- Drawer heights
- Drawer interior sets (shown on page 17)

The chart below the illustration indicates:

- Part numbers
- Number of drawers
- Number of drawer compartments created by the interior sets (shown on page 17)

How to order a Narrow Width Easy-Order Mobile Cabinet

1. **Select Easy-Order Cabinet Combination** either without or with drawer interior sets (designated by an "A" near the end of the part number – i.e., NW0600-0601NA-M).

2. **Select lock type.**

NL = none
RG = individual
KA = keyed-alike
MA = master

For additional lock options, see page 62.

3. **Select paint color.** For color chart, see back cover.

EXAMPLE: to order an NW0600-0501NA-M cabinet with an individual lock and Red paint, the part number would be **NW0600-0501NA-M-RGNR** (shown in photo at top of page).

MP Width Easy-Order Cabinet Combinations

*inside usable drawer dimensions

MP Width Cabinets

- 100% extension drawers

MP cabinets are the perfect storage solution when space is at a premium, and make perfect mobile cabinets and toolboxes.

How to order an MP Width Easy-Order Cabinet

1. Select Easy-Order Cabinet Combination

either without or with drawer interior sets (designated by an "A" at the end of the part number – i.e., MP0750-0302NA). Drawer interior sets are shown on page 21.

2. Select drawer weight-bearing capacity.

N = 165 lb. (75kg)
F = 440 lb. (200kg)

3. Select base type.

NB = none
FT = fork truck
2FB = 2" frame base
4FB = 4" frame base
6FB = 6" frame base

For additional bases, see page 39; for Easy-Order mobile combinations, see page 20.

4. Select lock type.

NL = none
RG = individual
KA = keyed-alike
MA = master

For additional lock options, see page 62.

5. Select paint color. For color chart, see the back cover or below.

EXAMPLE: to order an MP0750-0302A cabinet with 440 lb. capacity drawers, a fork truck base, an individual lock and Light Gray paint, the part number would be **MP0750-0302FA-FTRGLG**.

MP Width Easy-Order Mobile Cabinet Combinations

Each mobile cabinet comes with:

- 2 fixed and 2 swivel casters with wheel locks
- Tubular steel handles
- Individual drawer latches
- 100% extension drawers

How to read the charts on this page

The 2 columns to the right of each cabinet illustration indicate:

- Drawer heights
- Drawer interior sets (shown on page 21)

The chart below the illustration indicates:

- Part numbers
- Number of drawers
- Number of drawer compartments created by the interior sets (shown on page 21)

How to order an MP Width Easy-Order Mobile Cabinet

1. **Select Easy-Order Cabinet Combination** either without or with drawer interior sets (designated by an "A" near the end of the part number – i.e., MP0600-0402NA-M).

2. **Select drawer weight-bearing capacity.**

N = 165 lb. (75kg)

F = 440 lb. (200kg)

3. **Select lock type.**

NL = none
RG = individual
KA = keyed-alike
MA = master

For additional lock options, see page 62.

4. **Select paint color.** For color chart, see back cover.

EXAMPLE: to order an MP0600-0501A-M cabinet with 165 lb. capacity drawers, an individual lock, Bright Blue paint and a retainer top, the part number would be **MP0600-0501NA-M-RGBB**, with an MP-RT top (shown in photo at top of page).

How to order an MP Width Easy-Order Drawer Interior Set

To order the drawer interior sets shown on this page, use the part number in the chart and add the drawer height in place of the green box.

EXAMPLE: to order an MPDR206 drawer interior set for a 100 height (3") drawer, the part ordering number would be **MPDR206-100**.

SC Standard Width Easy-Order Cabinet Combinations

*inside usable drawer dimensions

SC Standard Width Cabinets

- 100% extension drawers with 440 lb. load capacity

Our most popular footprint, the SC cabinet is available with a large variety of drawer heights and drawer interior sets.

How to order a Standard Width Easy-Order Cabinet

1. Select Easy-Order Cabinet Combination either without or with drawer interior sets (designated by an "A" at the end of the part number – i.e., SC0750-0703FA). Drawer interior sets are shown on pages 26-27.

2. Select base type.

NB = none
FT = fork truck
PT = pallet truck
2FB = 2" frame base
4FB = 4" frame base
6FB = 6" frame base

For additional bases, see page 39; for Easy-Order mobile combinations, see page 25.

3. Select lock type.

NL* = none
RG = individual
KA = keyed-alike
MA = master

*not available for double hinged door cabinets

For additional lock options, see page 62.

4. Select paint color. For color chart, see back cover or below.

EXAMPLE: to order an SC0900-1101FA cabinet with a fork truck base, an individual lock and Bright Blue paint, the part number would be **SC0900-1101FA-FTRGBB**.

Each mobile cabinet comes with:

- 2 fixed and 2 swivel 6" x 2" casters with wheel locks
- Tubular steel handles
- Individual drawer latches
- 100% extension drawers with 440 lb. load capacity

How to read the charts on this page

The 2 columns to the right of each cabinet illustration indicate:

- Drawer heights
- Drawer interior sets (see pages 26-27)

The chart below the illustration indicates:

- Part numbers
- Number of drawers
- Number of drawer compartments created by the interior sets (see pages 26-27)

How to order a Standard Width Easy-Order Mobile Cabinet

1. Select Easy-Order Cabinet Combination either without or with drawer interior sets (designated by an "A" near the end of the part number – i.e., SC0600-0502FA-M).

2. ■ Select lock type.

NL = none
RG = individual
KA = keyed-alike
MA = master

For additional lock options, see page 62.

3. □ Select paint color. For color chart, see back cover or below.

EXAMPLE: to order an SC0600-0502FA-M cabinet with an individual lock, Red paint and a retainer top, the part number would be **SC0600-0502FA-M-RG NR**, with an SC-RT top (shown in photo at top of page).

Mobile Cabinet Options

Hanging Shelf Cabinet

Optional shelf cabinet, painted to match mobile cabinet, is 28 1/4" wide x 15" deep x 29" high. It is attached to the side of mobile cabinet for easy maneuvering. Each cabinet has a bottom shelf and 1 adjustable 13 1/2" deep shelf. Individual lock (RG) and 2 keys are furnished. Can only be mounted on 750 height or higher mobile cabinets.

PART NO.	DESCRIPTION
OHC2829-CM	shelf cabinet
OHC1BCT/36	butcher block top (28 1/4" x 15" x 1 1/4")

Folding Shelves

Shelf can be mounted on either the left or right side of any mobile or stationary cabinet. 50 lb. maximum capacity. Shelf is 15" wide x 28 1/2" deep. When used with mobile cabinets shown above, cabinets will have black plastic handles.

PART NO.	MOUNTS TO
FS-36DX15-L	left side
FS-36DX15-R	right side

Standard Width Mobile Cabinet Tops

For additional top choices, see page 67.

PART NO.	DESCRIPTION	HT.
SC-RT	retainer top w/ribbed mat	3/4"
SC1BCT	butcher block	1 3/4"
SC1PCT	plastic laminate	1 9/16"

Mesh Drawer Liner

Non-slip polyester mesh liner protects items in drawers without drawer interior sets from shifting or sliding. Liner is non-toxic, washable and treated to inhibit mold and mildew.

GG (Green paint) LG (Light Gray paint) NR (Red paint) SN (Sand paint) FW (White paint)

SC Standard Width *Easy-Order* Drawer Interior Sets

How to order a Standard Width Easy-Order Drawer Interior Set

To order the drawer interior sets shown on these two pages, use the part number in the chart and add the drawer height in place of the green box.

EXAMPLE: to order a DR312 drawer interior set for a 100 height (3") drawer, the part ordering number would be **DR312-100**.

MW Mid-Width Easy-Order Cabinet Combinations

*inside usable drawer dimensions

MW Mid-Width Cabinets

- 100% extension drawers with 440 lb. load capacity

These cabinets are ideal for storing tools and parts that are 24" in length or longer, while allowing for the combined storage of short and long items in the same cabinet.

How to order a Mid-Width Easy-Order Cabinet

- Select Easy-Order Cabinet Combination either without or with drawer interior sets (designated by a "B" at the end of the part number – i.e., MW0750-0803FB). Drawer interior sets are shown on page 31.

2. Select base type.

NB = none
FT = fork truck
PT = pallet truck

For additional bases, see page 39; for Easy-Order mobile combinations, see page 30.

3. Select lock type.

NL* = none
RG = individual
KA = keyed-alike
MA = master

*not available for double hinged door cabinets

For additional lock options, see page 62.

- Select paint color. For color chart, see back cover or below.

EXAMPLE: to order an MW0900-0304D cabinet with a fork truck base, an individual lock and Bright Blue paint, the part number would be **MW0900-0304D-FTRGBB**.

MW Mid-Width *Easy-Order* Mobile Cabinet Combinations

Each mobile cabinet comes with:

- 2 fixed and 2 swivel 6" x 2" casters with wheel locks
- Tubular steel handles
- Individual drawer latches
- 100% extension drawers with 440 lb. load capacity

How to read the charts on this page

The 2 columns to the right of each cabinet illustration indicate:

- Drawer heights
- Drawer interior sets (shown on page 31)

The chart below the illustration indicates:

- Part numbers
- Number of drawers
- Number of drawer compartments created by the interior sets (shown on page 31)

How to order a Mid-Width Easy-Order Mobile Cabinet

1. **Select Easy-Order Cabinet Combination** either without or with drawer interior sets (designated by a "B" near the end of the part number – i.e., MW0750-0605FB-M).

2. **Select lock type.**

NL = none
RG = individual
KA = keyed-alike
MA = master

For additional lock options, see page 62.

3. **Select paint color.** For color chart, see back cover.

EXAMPLE: to order an MW0750-0605FB-M cabinet with an individual lock, Red paint and a retainer top, the part number would be **MW0750-0605FB-M-RG-NR**, with an MW-RT top (shown in photo at top of page).

Mobile Cabinet Options

Hanging Shelf Cabinet

Optional shelf cabinet, painted to match mobile cabinet, is 28 1/4" wide x 15" deep x 29" high. It is attached to the side of mobile cabinet for easy maneuvering. Each cabinet has a bottom shelf and 1 adjustable 13 1/2" deep shelf. Individual lock (RG) and 2 keys are furnished. Can only be mounted on 750 height or higher mobile cabinets.

PART NO.	DESCRIPTION
OHC2829-CM	shelf cabinet
OHC1BCT/36	butcher block top (28 1/4" x 15" x 1 1/4")

Folding Shelves

Shelf can be mounted on either the left or right side of any mobile or stationary cabinet. 50 lb. maximum capacity. Shelf is 15" wide x 28 1/2" deep.

PART NO.	MOUNTS TO
FS-36DX15-L	left side
FS-36DX15-R	right side

Mid-Width Mobile Cabinet Tops

For additional top choices, see page 67.

DW Double Width *Easy-Order* Cabinet Combinations

*inside usable drawer dimensions

DW Double Width Cabinets

- 100% extension drawers with 440 lb. load capacity

DW cabinets are perfect for stacking above pairs of SC Standard Width cabinets, and allow for storage of items up to 52" in length. Their huge capacity can hold up to 8 cubic feet.

How to order a Double Width Easy-Order Cabinet

1. Select Easy-Order Cabinet

Combination either without or with drawer interior sets (designated by a "B" at the end of the part number – i.e., DW0750-0601FB). Drawer interior sets are shown on page 35.

2. ■ Select base type.

NB = none
FT = fork truck
PT = pallet truck

For additional bases, see page 39; for Easy-Order mobile combinations, see page 34.

3. ■ Select lock type.

NL* = none
RG = individual
KA = keyed-alike
MA = master

*not available for double hinged door cabinets

For additional lock options, see page 62.

4. □ Select paint color. For color chart, see back cover or below.

EXAMPLE: to order a DW0900-0704FB cabinet with a fork truck base, an individual lock and Bright Blue paint, the part number would be **DW0900-0704FB-FTRGBB**.

door cabinet is 29 1/2" deep

Double Width *Easy-Order* Mobile Cabinet Combinations

Each mobile cabinet comes with:

- 2 fixed and 2 swivel 6" x 2" casters with wheel locks
- Tubular steel handles
- Individual drawer latches
- 100% extension drawers with 440 lb. load capacity

How to read the charts on this page

The 2 columns to the right of each cabinet illustration indicate:

- Drawer heights
- Drawer interior sets (shown on page 35)

The chart below the illustration indicates:

- Part numbers
- Number of drawers
- Number of drawer compartments created by the interior sets (shown on page 35)

How to order a Double Width Easy-Order Mobile Cabinet

1. Select Easy-Order Cabinet Combination either without or with drawer interior sets (designated by a "B" near the end of the part number – i.e., DW0750-0503FB-M).

2. ■ Select lock type.

NL = none
RG = individual
KA = keyed-alike
MA = master

For additional lock options, see page 62.

3. ☐ Select paint color. For color chart, see back cover.

EXAMPLE: to order a DW0750-0703FB-M cabinet with an individual lock, Black paint and a retainer top, the part number would be **DW0750-0703FB-M-RGBK**, with a DW-RT top (shown in photo at top of page).

Mobile Cabinet Options

Hanging Shelf Cabinet

Optional shelf cabinet, painted to match mobile cabinet, is 28 1/4" wide x 15" deep x 29" high. It is attached to the side of mobile cabinet for easy maneuvering. Each cabinet has a bottom shelf and 1 adjustable 13 1/2" deep shelf. Individual lock (RG) and 2 keys are furnished. Can only be mounted on 750 height or higher mobile cabinets.

PART NO.	DESCRIPTION
OHC2829-CM	shelf cabinet
OHC1BCT/36	butcher block top (28 1/4" x 15" x 1 1/4")

Folding Shelves

Shelf can be mounted on either the left or right side of any mobile or stationary cabinet. 50 lb. maximum capacity. Shelf is 15" wide x 28 1/2" deep.

PART NO.	MOUNTS TO

How to Order Custom Full Depth Cabinets (28 1/2" deep)

There are tens of thousands of ways to configure a Lista cabinet. Our modular building block system means that your cabinets can be configured to exactly suit your requirements.

By walking through the steps summarized on the facing page and shown on the following four pages, you can create cabinets that will exactly fit your own specific needs.

Row of SC cabinets with plastic laminate counter top.

Mobile MP cabinets make perfect toolboxes.

MW cabinets with stainless steel counter top.

DW drawer/door cabinets stacked above pairs of SC cabinets.

TO ORDER AN EASY-ORDER COMBINATION:

(housing with preconfigured drawers and option of drawer interior sets)

	CABINETS	MOBILE CABINETS	DRAWER INTERIOR SETS
NW	pages 14-15	page 16	page 17
MP	pages 18-19	page 20	page 21
SC	pages 22-24	page 25	pages 26-27
MW	pages 28-29	page 30	page 31
DW	pages 32-33	page 34	page 35

STEPS TO ORDER A CUSTOM CONFIGURED FULL DEPTH CABINET

- 1 Select cabinet housing**
Select the particular cabinet housing that best suits your needs. When choosing your housing height, keep in mind the cabinet top's potential use as a worksurface. **See page 38.**
- 2 Select a lock**
Choose from a wide array of locking options. **See page 39.**
- 3 Select a cabinet base (optional)**
A number of optional bases to suit a wide variety of uses. **See page 39.**
- 4 Select a cabinet top or counter top (optional)**
Top descriptions can be found on **page 67**; information about counter tops to span rows of cabinets is on **page 107**.
- 5 Select drawers, shelves, roll-out trays and doors**
Drawers, shelves and roll-out trays can be used in any sequence or combination you wish. **See pages 40-41.**
- 6 Select drawer partitions and dividers (optional)**
Choose from the Easy-Order drawer interior sets shown in each cabinet's Easy-Order section, or order custom drawer partitions and dividers (**page 118**). Choose from many accessories (**pages 119-122**).
- 7 Select colors**
Select color from the chart on **page 41**. Housing and drawer fronts can be different colors but drawer interiors are always gray.

The total drawer and/or door model numbers must add up to the model number of the housing.

EXAMPLES:

Model 900 Housing

(2) 100 drawers	=	200
(2) 150 drawers	=	300
(2) 200 drawers	=	400
		<hr/> 900

(2) 150 drawers	=	300
(1) 600 door	=	600
		<hr/> 900

2 Select lock and keying options (choose from additional selections on page 62)

If you have locking and security needs other than the individual lock (lock and 2 keys) that comes with all cabinets, select from the options below or see page 62.

Individual Lock (RG)

Cabinets come with an individual lock and 2 keys. Each cabinet lock is keyed differently.

No Lock (NL)

Specify if no cylinder lock is desired for cabinet housing. Cabinet will still include PreventTip® one-drawer-at-a-time safety feature. Not available for double hinged door cabinets.

Keyed Alike Lock (KA)

All cabinets have identical locks, each with 2 keys; the same key opens all cabinets. Each cabinet in the keyed alike group must have keyed alike (KA) specified on the order. Cabinets containing drawers and doors will only be keyed alike if specified.

PART NO.	LOCK TYPE
KA	keyed alike lock

Master Keyed Lock (MA)

Each cabinet has a different lock with 2 keys. Each cabinet in the master key group must have master keyed lock (MA) specified on the order. Master key (MK) that opens all locks must be ordered separately.

PART NO.	LOCK TYPE
MA	master lock
MK	group master key
GMK	grand master key

3 Select optional cabinet base

Fork Truck Base

Steel fork truck base permits moving of fully loaded cabinets. Base has snap-on front and rear covers, and is recessed 1 1/8" (30mm) from the front of the housing. Bases are pre-punched to allow stacking. Color: to match housing.

Pallet Truck Base

Steel pallet truck base permits moving of fully loaded cabinets with a hand pallet truck. Base has snap-on front and rear covers, and is recessed 1 1/8" (30mm) each from the front and back of the housing. Color: to match housing.

Frame Base

Steel base is used to bring cabinets up to desired work height. Base is recessed 1 1/8" (30mm) from the front of the housing. Color: to match housing.

Mobile Caster Base

A set of 2 fixed and 2 swivel casters. Each swivel caster has an individual wheel lock. Casters are factory mounted to the base. (See page 66 for other mobile accessories.)

Wet Clean Base

Allows for easy cleaning below housing in areas where floors are often washed (such as labs and hospitals), or where wet floors are an issue. Raises cabinet housing 4 9/16" above floor. Individual leg height is further adjustable to allow for leveling (up to 1 3/4" additional height), even on extremely uneven surfaces. Cabinet can be lifted and moved with a hand pallet truck.

How to Order **Custom Full Depth Cabinets (28 1/2" deep)**

4 Select optional cabinet top (individual cabinet tops page 67; counter tops for multiple cabinets page 107)

5 Select drawers, shelves and/or roll-out trays

Drawers, shelves and roll-out trays can be arranged and re-arranged in a cabinet housing in any sequence. **See the graphic on page 37 for information on configuring the correct height(s) of drawers and doors to fit the housing you have selected.**

Drawers

Drawers are 100% full extension, allowing complete use of the furthest corners and easy access to all contents. Each drawer has a maximum load capacity of either 440 lb. (200kg) or 165 lb. (75kg).

Shelves

Fixed bottom shelves and adjustable upper shelves can be moved up or down in 1" increments. Vertical dividers are available to sub-divide shelves. Shelf cabinets are often stacked above drawer cabinets for maximum space savings. Maximum load capacity of 440 lbs. (200kg) evenly distributed.

Roll-Out Trays

Roll-out trays allow easy access to stored items, even in the farthest corner. 100% full extension, 440 lb. (200 kg) or 165 lb. (75kg) maximum load capacity.

5 Select cabinet doors

Flush Hinged Door

Single door protects cabinet contents. Door is provided with integrated handle (reversible in field to allow door to open in opposite direction), individual lock (RG) and 2 keys. **Only bottom and adjustable shelves may be installed behind flush doors – no drawers or roll-out trays, except for MP-TCN roll-out trays in MP width cabinets.**

Retractable Door

Door slides out and back, stored out of the way when not in use. Door is provided with handles, individual lock (RG) and 2 keys. **Only bottom and adjustable shelves may be installed behind retractable doors – no drawers or roll-out trays.**

Double Hinged Door Cabinets

To order double hinged door cabinets, see the ordering information on page 38.

Sliding and Hinged Door Shelf Cabinets

For ordering information on sliding and hinged door shelf cabinets, see pages 68-69.

6 Select drawer partitions and dividers

Drawer interior sets are located in corresponding Easy-Order footprint section (see chart on page 36). Additional drawer accessories are on pages 119-122.

7 Select colors

Housings and drawer fronts can be different colors but drawer interiors are always gray. Color differences exist between color samples and actual finishes. Please contact your Lista representative for accurate color matching. Custom colors are available and will be quoted on request.

COLOR CODE										
	Beige BE	Bright Blue BB*	Black BK*	Classic Blue CB	Dark Gray GR	Green GG	Light Gray LG*	Red NR	Sand SN	White FW

*Available with ESD properties. To specify ESD paint, add prefix "ESD" to paint part number. For ESD paint specifications, see Lista's Workbench and Workspace Furniture Catalog.

Lista Shallow Depth Cabinets Make Workspace Work

Lista's shallow depth cabinets (CL, ST and HS Width) provide the ultimate in space savings and ergonomic design. With their high density storage and shallow footprint, these cabinets are ideal for replacing shelves and maximizing floor space in narrow aisles, inside small trucks and vans, or under 24" deep counters.

Our shallow depth drawer is the centerpiece of these remarkably efficient cabinets. Each drawer, while just 18" deep, provides storage for items of up to 18" (CL), 24" (ST) or 36" (HS) in length.

At Lista, we recognize the importance of ergonomic design. With 18" deep drawers, all items are within easy reach. In addition, drawer handles are located at the top of each drawer, reducing reach and strain.

Aisle width

Lista's shallow depth cabinets save floorspace. They are 22 1/2" deep and only require a 36" aisle.

Drawer partitioning

The perforated drawer bottom allows for greater partitioning possibilities. This creates custom compartments for items up to 36" long (HS Width cabinet) and almost any shape.

18" deep drawer

The 100% full extension drawer stores all items in a comfortable radius of any worker's reach, making movements easy and natural.

Recessed handles

Full width handles close flush with the face of the housing, preventing possible injury or the snagging of clothing.

This overhead view shows two rows of Lista shallow depth cabinets on either side of a comfortable 36" wide access aisle. The aisle leaves enough room for a fully extended drawer and the person accessing it. The cabinets and aisle occupy a total depth of 6' 9".

This overhead view shows two rows of industry standard cabinets on either side of a 42" wide access aisle. This width aisle is required to accommodate a fully extended standard drawer and the person accessing it. The cabinets and aisle occupy a total depth of 8' 2".

Lista *Easy-Order* Shallow Depth Cabinets (22 1/2" deep)

Ordering an Easy-Order Lista cabinet or mobile cabinet takes just a few simple steps, and enables you to have a customized cabinet (down to the base, lock and paint color) without having to break a sweat.

TO ORDER AN EASY-ORDER COMBINATION:

STEPS TO ORDER AN EASY-ORDER SHALLOW DEPTH CABINET

1 Select cabinet footprint and height

Select the particular cabinet size that best suits your needs. When choosing your housing height, keep in mind the cabinet top's potential use as a worksurface. See chart above for pages showing the different housing footprints.

DRAWER HT.	DRAWER INTERIOR

ST0900-0602FA- ■ ■ ■	6	70

2 Select preferred drawer configuration

The column to the immediate right of each cabinet illustration indicates drawer heights.

3 Select drawer interior sets (optional)

Decide whether you want your cabinet to be pre-configured with drawer interior sets. The second column to the right of the illustration shows the numerical portion of the part number for the drawer interior sets which are included if you choose this configuration (designated by an "A" or "B" at the end of the part number – i.e., SC0750-0703FA or MW0900-0504FB). The chart below the illustration indicates the number of drawer compartments created by the interior sets (which are shown on the page following each footprint's Easy-Order models).

4 Select base type

5 Select lock type

6 Select paint color

CL Width Easy-Order Cabinet Combinations

*inside usable drawer dimensions

CL Width Cabinets

- 100% extension drawers with 165 lb. load capacity

Our most compact footprint, these cabinets are perfect for small, tight spaces. They also make easy-to-maneuver mobile cabinets.

How to order a CL Width Easy-Order Cabinet

1. Select Easy-Order Cabinet Combination either without or with drawer interior sets (designated by an "A" at the end of the part number – i.e., CL0600-0302NA). Drawer interior sets are shown on page 47.

2. Select base type.

NB = none
2FB = 2" frame base
4FB = 4" frame base
6FB = 6" frame base

For additional bases, see page 59; for Easy-Order mobile combinations, see page 46.

3. Select lock type.

NL = none
RG = individual
KA = keyed-alike
MA = master

For additional lock options, see page 62.

4. Select paint color. For color chart, see back cover or below.

EXAMPLE: to order a CL0900-0603NA cabinet with no base, an individual lock, and Red paint for the housing with Light Gray drawers, the part number would be **CL0900-0603NA-NBRG**NR/LG.

CL Width **Easy-Order** Mobile Cabinet Combinations

Each mobile cabinet comes with:

- 2 fixed and 2 swivel casters with wheel locks
- Handles
- Individual drawer latches
- 100% full extension drawers with 165 lb. load capacity

How to read the charts on this page

The column to the right of each cabinet illustration indicates drawer heights.

The chart below the illustration indicates:

- Part numbers
- Number of drawers

How to order a CL Width Easy-Order Mobile Cabinet

1. **Select Easy-Order Cabinet Combination** either without or with mesh drawer liners (designated by an "A" near the end of the part number – i.e., CL0750-0601NA-M).

2. **Select lock type.**

NL = none
RG = individual
KA = keyed-alike
MA = master

For additional lock options, see page 62.

3. **Select paint color.** For color chart, see back cover.

EXAMPLE: to order a CL0600-0504N-M cabinet with an individual lock, Dark Gray paint for the housing with Light Gray drawers, the part number would be **CL0600-0504N-M-RGGR/LG** (shown in photo at top of page).

How to order a CL Width Easy-Order Drawer Interior Set

To order the drawer interior sets shown on this page, use the part number in the chart and add the drawer height in place of the green box.

EXAMPLE: to order a CLDR420 drawer interior set for a 100 height (3") drawer, the part ordering number would be **CLDR420-100**.

ST Width Easy-Order Cabinet Combinations

*inside usable drawer dimensions

ST Width Cabinets

- 100% extension drawers

This versatile footprint combines high density with easy ergonomic accessibility. It makes an ideal replacement for existing shelving, and is a popular size for mobile cabinets.

How to order an ST Width Easy-Order Cabinet

1. **Select Easy-Order Cabinet Combination** either without or with drawer interior sets (designated by an "A" at the end of the part number – i.e., ST0900-0901FA). Drawer interior sets are shown on page 51.

2. **Select drawer weight-bearing capacity.**

N = 165 lb. (75kg)
F = 440 lb. (200kg)

3. **Select base type.**

NB = none
FT = fork truck
PT = pallet truck

For additional bases, see page 59; for Easy-Order mobile combinations, see page 50.

4. **Select lock type.**

NL* = none
RG = individual
KA = keyed-alike
MA = master

*not available for double hinged door cabinets

For additional lock options, see page 62.

5. **Select paint color.** For color chart, see back cover or below.

EXAMPLE: to order an ST0900-0702A cabinet with 440 lb. capacity drawers, a fork truck base, an individual lock, and Classic Blue paint for the housing with Sand drawers, the part number would be **ST0900-0702FA-FTRGCB/SN**.

ST Width Easy-Order Mobile Cabinet Combinations

Each mobile cabinet comes with:

- 2 fixed and 2 swivel 6" x 2" casters with wheel locks
- Tubular steel handles
- Individual drawer latches
- 100% full extension drawers

How to read the charts on this page

The 2 columns to the right of each cabinet illustration indicate:

- Drawer heights
- Drawer interior sets (shown on page 51)

The chart below the illustration indicates:

- Part numbers
- Number of drawers
- Number of drawer compartments created by the interior sets (shown on page 51)

How to order an ST Width Easy-Order Mobile Cabinet

1. **Select Easy-Order Cabinet Combination** either without or with drawer interior sets (designated by an "A" near the end of the part number – i.e., ST0600-0501A-M).

2. **Select drawer weight-bearing capacity.**

N = 165 lb. (75kg)

F = 440 lb. (200kg)

3. **Select lock type.**

NL = none

RG = individual

KA = keyed-alike

MA = master

For additional lock options, see page 62.

4. **Select paint color.** For color chart, see back cover.

EXAMPLE: to order an ST0750-0701A-M cabinet with 165 lb. capacity drawers, an individual lock, Light Gray paint for the housing with Red drawers, and a retainer top, the part number would be **ST0750-0701NA-M-RGLG/NR**, with an ST-RT top (shown in photo at top of page).

HS Width *Easy-Order* Cabinet Combinations

*inside usable drawer dimensions

HS Width Cabinets

- 100% extension drawers with 440 lb. load capacity

Ideal for storing items up to 36" in length, these cabinets are designed for the utmost ergonomic efficiency.

How to order an HS Width Easy-Order Cabinet

1. **Select Easy-Order Cabinet Combination** either without or with drawer interior sets (designated by an "A" at the end of the part number – i.e., HS0900-0902FA). Drawer interior sets are shown on page 55.

2. **Select base type.**

NB = none
FT = fork truck
PT = pallet truck

For additional bases, see page 59; for Easy-Order mobile combinations, see page 54.

3. **Select lock type.**

NL* = none
RG = individual
KA = keyed-alike
MA = master

*not available for double hinged door cabinets

For additional lock options, see page 62.

4. **Select paint color.** For color chart, see back cover or below.

EXAMPLE: to order an HS0900-0503FA cabinet with a fork truck base, an individual lock and Red paint, the part number would be **HS0900-0503FA-FTRGNR**.

HS Width *Easy-Order* Mobile Cabinet Combinations

Each mobile cabinet comes with:

- 2 fixed and 2 swivel 6" x 2" casters with wheel locks
- Tubular steel handles
- Individual drawer latches
- 100% full extension drawers with 440 lb. load capacity

How to read the charts on this page

The 2 columns to the right of each cabinet illustration indicate:

- Drawer heights
- Drawer interior sets (shown on page 55)

The chart below the illustration indicates:

- Part numbers
- Number of drawers
- Number of drawer compartments created by the interior sets (shown on page 55)

How to order an HS Width Easy-Order Mobile Cabinet

1. Select Easy-Order Cabinet Combination either without or with drawer interior sets (designated by an "A" near the end of the part number – i.e., HS0600-0501FA-M).

2. ☒ Select lock type.

NL = none

RG = individual

KA = keyed-alike

MA = master

For additional lock options, see page 62.

3. ☐ Select paint color. For color chart, see back cover.

EXAMPLE: to order an HS0900-0803FA-M cabinet with an individual lock, Light Gray paint for the housing with Black drawers, and a retainer top, the part number would be **HS0900-0803FA-M-RGLG/BK**, with an HS-RT retainer top (shown in photo at top of page).

How to order an HS Width Easy-Order Drawer Interior Set

To order the drawer interior sets shown on this page, use the part number in the chart and add the drawer height in place of the green box.

EXAMPLE: to order an HDR312 drawer interior set for a 100 height (3") drawer, the part ordering number would be **HDR312-100**.

How to Order Custom Shallow Depth Cabinets (22 1/2" deep)

There are tens of thousands of ways to configure a Lista cabinet. Our modular building block system means that your cabinets can be configured to exactly suit your requirements.

By walking through the steps summarized on the facing page and shown on the following four pages, you can create shallow depth cabinets that will exactly fit your own specific needs.

HS cabinets with stainless steel counter top.

High-density HS drawers.

Mobile HS (left) and ST (right) cabinets are versatile toolboxes.

Stacked HS shelf and drawer cabinets allow narrow aisles.

TO ORDER AN EASY-ORDER COMBINATION:

(housing with preconfigured drawers and option of drawer interior sets)

	CABINETS	MOBILE CABINETS	DRAWER INTERIOR SETS
CL	pages 44-45	page 46	page 47
ST	pages 48-49	page 50	page 51
HS	pages 52-53	page 54	page 55

STEPS TO ORDER A CUSTOM CONFIGURED SHALLOW DEPTH CABINET

1 Select cabinet housing
Select the particular cabinet housing that best suits your needs. When choosing your housing height, keep in mind the cabinet top's potential use as a worksurface. **See page 58.**

2 Select a lock
Choose from a wide array of locking options. **See page 59.**

3 Select a cabinet base (optional)
A number of optional bases to suit a wide variety of uses. **See page 59.**

4 Select a cabinet top or counter top (optional)
Top descriptions can be found on **page 67**; information about counter tops to span rows of cabinets is on **page 107**.

5 Select drawers, shelves, roll-out trays and doors
Drawers, shelves and roll-out trays can be used in any sequence or combination you wish. **See pages 60-61.**

6 Select drawer partitions and dividers (optional)
Choose from the Easy-Order drawer interior sets shown in each cabinet's Easy-Order section, or order custom drawer partitions and dividers (**page 118**). Choose from many accessories (**pages 119-122**).

7 Select colors
Select color from the chart on **page 61**. Housing and drawer fronts can be different colors but drawer interiors are always gray.

The total drawer and/or door model numbers must add up to the model number of the housing.

EXAMPLES:

Model 900 Housing

(2) 100 drawers	=	200
(2) 150 drawers	=	300
(2) 200 drawers	=	400
		<hr/> 900

(2) 150 drawers	=	300
(1) 600 door	=	600
		<hr/> 900

How to Order **Custom Shallow Depth Cabinets (22 1/2" deep)**

1 Select cabinet housing

Cabinet housing can be configured with any sequence of drawers, shelves and roll-out trays (see page 60). See the graphic on page 57 for information on configuring the correct height(s) of drawers and doors to fit the housing you have selected. Housing includes an individual lock and 2 keys.

1350	57 1/8" (1450mm)	-	STDHD1350	HSDHD1350

2 Select lock and keying options (choose from additional selections on page 62)

If you have locking and security needs other than the individual lock (lock and 2 keys) that comes with all cabinets, select from the options below or see page 62.

Individual Lock (RG)

Cabinets come with an individual lock and 2 keys. Each cabinet lock is keyed differently.

No Lock (NL)

Specify if no cylinder lock is desired for cabinet housing. Cabinet will still include Preventip® one-drawer-at-a-time safety feature. Not available for double hinged door cabinets.

Keyed Alike Lock (KA)

All cabinets have identical locks, each with 2 keys; the same key opens all cabinets. Each cabinet in the keyed alike group must have keyed alike (KA) specified on the order. Cabinets containing drawers and doors will only be keyed alike if specified.

PART NO.	LOCK TYPE
KA	keyed alike lock

Master Keyed Lock (MA)

Each cabinet has a different lock with 2 keys. Each cabinet in the master key group must have master keyed lock (MA) specified on the order. Master key (MK) that opens all locks must be ordered separately.

PART NO.	LOCK TYPE
MA	master lock
MK	group master key
GMK	grand master key

3 Select optional cabinet base

Fork Truck Base

Steel fork truck base permits moving of fully loaded cabinets. Base has snap-on front and rear covers, and is recessed 1 1/8" (30mm) from the front of the housing. Bases are pre-punched to allow stacking. Color: to match housing.

Pallet Truck Base

Steel pallet truck base permits moving of fully loaded cabinets with a hand pallet truck. Base has snap-on front and rear covers, and is recessed 1 1/8" (30mm) each from the front and back of the housing. Color: to match housing.

Frame Base

Steel base is used to bring cabinets up to desired work height. Base is recessed 1 1/8" (30mm) from the front of the housing. Color: to match housing.

Mobile Caster Base

A set of 2 fixed and 2 swivel casters. Each swivel caster has an individual wheel lock. Casters are factory mounted to the base. (See page 66 for other mobile accessories.)

Wet Clean Base

Allows for easy cleaning below housing in areas where floors are often washed (such as labs and hospitals), or where wet floors are an issue. Raises cabinet housing 4 9/16" above floor. Individual leg height is further adjustable to allow for leveling (up to 1 3/4" additional height), even on extremely uneven surfaces. Cabinet can be lifted and moved with a hand pallet truck.

TYPE	OVERALL HEIGHT	CASTER DIMEN.	WEIGHT CAPACITY	CL	ST	HS

How to Order **Custom Shallow Depth Cabinets (22 1/2" deep)**

4 Select optional cabinet top (individual cabinet tops page 67; counter tops for multiple cabinets page 107)

5 Select drawers, shelves and/or roll-out trays

Drawers, shelves and roll-out trays can be arranged and re-arranged in a cabinet housing in any sequence. **See the graphic on page 57 for information on configuring the correct height(s) of drawers and doors to fit the housing you have selected.**

Drawers

Drawers are 100% full extension, allowing complete use of the furthest corners and easy access to all contents. Each drawer has a maximum load capacity of either 440 lb. (200kg) or 165 lb. (75kg).

Shelves

Fixed bottom shelves and adjustable upper shelves can be moved up or down in 1" increments. Vertical dividers are available to sub-divide shelves. Shelf cabinets are often stacked above drawer cabinets for maximum space savings. Maximum load capacity of 440 lbs. (200kg) evenly distributed.

Roll-Out Trays

Roll-out trays allow easy access to stored items, even in the farthest corner. 100% full extension, 440 lb. (200 kg) or 165 lb. (75kg) maximum load capacity.

5 Select cabinet doors

Flush Hinged Door

Single door protects cabinet contents. Door is provided with integrated handle (reversible in field to allow door to open in opposite direction), individual lock (RG) and 2 keys. **Only bottom and adjustable shelves may be installed behind flush doors – no drawers or roll-out trays.**

Retractable Door

Door slides out and back, stored out of the way when not in use. Door is provided with handles, individual lock (RG) and 2 keys. **Only bottom and adjustable shelves may be installed behind retractable doors – no drawers or roll-out trays.**

Double Hinged Door Cabinets

To order double hinged door cabinets, see the ordering information on page 58.

Sliding and Hinged Door Shelf Cabinets

For ordering information on sliding and hinged door shelf cabinets, see pages 68-69.

Cabinet Lock Options

Lista offers a number of different keying and locking options to meet the unique needs of almost any application.

Lock Options

Core Lock

Lista's cylinder lock comes standard with all drawer cabinets. It features a removable core that can be easily removed from the cylinder housing using a release tool (must be ordered separately, see below). Each lock is provided with 2 keys.

Replacement Lock Assemblies

Used to replace locks installed before March, 2005.

PART NO.	LOCK TYPE
IC-CYL-RG	individual cylinder lock
IC-CYL-KA	keyed alike cylinder lock
IC-CYL-MA	master cylinder lock
IC-MDR-RG	individual flush door lock
IC-MDR-KA	keyed alike flush door lock
IC-MDR-MA	master flush door lock

Replacement Lock Cores

For field replacement of lock cores. Available for drawer housing and flush door locks shipped after March 2005.

PART NO.	LOCK TYPE
IC-CORE-RG	individual
IC-CORE-KA	keyed alike
IC-CORE-MA	master

Lock Core Release Tool

For extracting interchangeable cylinder core. Works only in conjunction with the original Lista key supplied with the core.

PART NO.	DESCRIPTION
IC-REL-TOOL	lock release tool

Hasp Lock

Rotates 90° clockwise to disengage latch. For use with hinged and double hinged doors (cannot be used with single hinged flush doors or retractable doors). Secured with padlock (not included). Maximum padlock latch diameter is 3/8". For ordering information, please contact your Lista representative.

Hinged Locking Bars

Particularly suitable for mobile applications or wherever additional security is desired. Hinged locking bar mounts to the left or right of any drawer cabinet on the vertical housing support. Indicate side for mounting by writing an "L" for left or "R" for right in place of the red box (■) in the part number. A padlock (not included) secures the bar. Maximum padlock latch diameter is 5/16". To retrofit to existing cabinet, please contact your Lista representative.

PART NO.	FOR CABINET HEIGHT

HLB1050-■	1050
HLB1225-■	1225
HLB1350-■	1350
HLB1525-■	1525

Security Panel

Individual locks for each drawer, with a central lock for the cabinet as a whole. Each drawer has a steel security panel between it and the drawer above, so contents are secure even when individual drawers have been removed. Available only for NW, MP, SC and ST Width cabinets and drawer sizes 125, 175, 225, 275, 325 and 350. For ordering information, please contact your Lista representative.

Keyless Keypad System

Provides controlled, easy keyless access to items stored in Lista cabinets. Access codes can be changed as needed without having to collect and reissue keys. LEDs provide visual confirmation that keypad has been hit. Easily retrofitted to field units. Lock kit comes complete with four AA batteries.

The keypad can be programmed with up to five different user codes at a time, which can be changed as often as needed. The attractive keypad fits snugly against the cabinet housing for a clean profile.

The keypad lock can be ordered for any new Lista drawer storage cabinet and most new mobile drawer cabinets, or can be retrofit to any Lista drawer cabinet or most mobile drawer cabinets sold since 1995. **The keypad lock can not be used with any NW, MP, SC or CL mobile cabinet using front-mounted handles (MTBH or MHAN).**

PART NO.	DESCRIPTION
KPLOCK/HSG	keypad lock for cabinet
KPLOCK/HSG-RF	keypad lock retrofit kit

Drawer/Retaining Options

Individual Drawer Latch (IDL)

Individual drawer latches lock drawers and roll-out trays closed for safety when moving. Particularly applicable for cabinets in vehicles, mobile cabinets, and where seismic activity is a consideration. Finger pull latch is recessed under the drawer handle. Comes standard with all mobile cabinets. IDL can be added at any time.

PART NO.	DESCRIPTION
IDL	for right location
IDL-L	for left location

Lock-In-Lock-Out (LILO)

LILO safety device locks drawer in fully opened or fully closed position. Latch

is mounted on the lower right face of the drawer. Particularly suitable for vehicles, shipboard and other mobile applications. Factory installed. Only available for 440 lb. (200kg) suspension drawers.

PART NO.
LILO

Security Shelf Battens

Batten secures to front of housing to keep boxes and other loose items from falling off shelf. Suitable for mobile vehicles, service vans, military containers and aircraft. Usable behind hinged doors, double hinged doors or flush doors (450 height or higher). Made from galvanized steel, unpainted.

PART NO.	FOR USE WITH
SB-27U	CL, MP cab. or 27U Storage Wall
SB-36U	SC, ST cab. or 36U Storage Wall
SB-54U	HS cab. or 54U Storage Wall
SB-64U	MW cab. or 64U Storage Wall
SB-78U	DW cab. or 78U Storage Wall

Combination Cabinets

These cabinets feature full-width top drawer(s), which can store unusually long items safely and securely. The cabinets (either full or shallow depth) can be configured with a variety of drawer sizes, with the option of shelf or roll-out tray storage for bulky items, and with a variety of bases including a mobile base.

Part numbers are for housings only. Units include individual locking system with PreventTip® locking system. Drawers, shelves, roll-out trays, doors, base and top must be configured separately, and are not included (see pages 39-41 and 59-61 to order).

DW/SC Combination Cabinet Housing

56 1/2" wide x 28 1/2" deep –
DW top drawer(s) usable width 52 3/16" (see page 40 to order),
SC bottom drawers usable width 24" (see page 40 to order)
Housing accepts DW tops and bases (see pages 39 and 67 to order)

PART NO.	CABINET HOUSING OVERALL HEIGHT	TOP DRAWER(S) AVAILABLE HEIGHT	BOTTOM DRAWER(S) AVAIL. HT./SIDE

Mobile Cabinets, Work Centers and Toolboxes

When you need storage plus mobility, Lista mobile storage cabinets, work centers and toolboxes provide safe and secure storage and transport for parts and tools. Almost any Lista cabinet can be mounted on a mobile base to allow for maximum flexibility and versatility. Each mobile workstation can be designed to exactly suit your specific needs.

By combining a pair of housings in one mobile work center, your storage options multiply even further.

For specific mobile accessories, see page 66.

Combination Cabinets

For mobile combination cabinets featuring full-width top drawer(s), see page 63.

EASY-ORDER MOBILE CABINET COMBINATIONS

We offer a number of pre-configured Easy-Order mobile cabinets.

NW Width	page 16
MP Width	page 20
SC Width	page 25
MW Width	page 30
DW Width	page 34
CL Width	page 46
ST Width	page 50
HS Width	page 54

Lista mobile cabinets provide a diverse array of storage options:

- Can be combined in side-by-side configurations
- A wide variety of modular components and accessories
- A variety of worksurfaces
- Available with Lista's Nexus Accessory System (see Lista's Workbench and Workspace Furniture Catalog for details)

Each mobile cabinet comes with:

- 4 heavy-duty casters (2 fixed and 2 swivel with wheel locks)
- Handle(s)
- Cylinder lock and 2 keys
- Individual drawer latches (IDL)
- The patented Preventip® safety system (prevents cabinets from tipping by ensuring that when one drawer is open, all others are secured closed)

Mobile cabinets bring tooling to work areas in manufacturing settings.

Mobile cabinets can be easily stored under worksurfaces.

Drawer and door cabinets form a mobile work center that serves as a quality station.

The Nexus Accessory System can be mounted above a mobile cabinet for convenient access to parts.

A mobile workstation with a stainless steel top is ideal for working in clean environments.

Combination cabinets with wide top drawer(s) enable versatile storage of items of highly diverse sizes, especially when configured with a door compartment. To order, see page 63.

Heavy equipment can be stored and easily moved atop a mobile cabinet.

A variety of tops are available to form a convenient worksurface.

Choose from a variety of accessories for your mobile cabinets and work centers.

Black Plastic Handles

Handles mounted on front of cabinet. Cabinets are pre-drilled and handles are mounted in the field. Hardware included.

PART NO.	FOR USE WITH
MHAN	NW, MP and CL cabinets

Tubular Steel Handles

Handles mount on the front of single MP and SC Width mobile cabinets, and on the side of all other cabinet sizes. Cabinets are pre-drilled and handles are mounted in the field. Hardware included.

PART NO.	FOR USE WITH
MTBH	all cabinets except NW

Push Handles

Single tubular steel handle attaches to side of mobile cabinet to push tall, large and/or heavily loaded cabinets. Cabinets are pre-drilled and handles are mounted in the field. Hardware included.

PART NO.	FOR USE WITH
HSG-HNDL/27	CL, ST and HS cabinets, shallow depth workcenters
HSG-HNDL/36	SC, MW and DW cabinets, full depth workcenters

Folding Shelves

Shelf can be mounted on either the left or right side of any mobile or stationary cabinet. 50 lb. maximum capacity. Shelf is 15" wide and is available for full and shallow depth cabinets. Can not be used with cabinets that have front-mounted tubular steel handles (MTBH). Only compatible with front-mounted black plastic handles (MHAN) or side-mounted tubular steel handles (MTBH).

PART NO.	DEPTH	MOUNTS TO
Full depth		
FS-36DX15-L	28 1/2"	left side
FS-36DX15-R	28 1/2"	right side
Shallow depth		
FS-27DX15-L	22 1/2"	left side
FS-27DX15-R	22 1/2"	right side

Hanging Shelf Cabinets

Optional shelf cabinet, painted to match mobile cabinet, is 15" deep x 29" high. It is attached to the side of mobile cabinet for easy maneuvering. Each cabinet has a bottom shelf and 1 adjustable 13 1/2" deep shelf. Individual lock (RG) and 2 keys are furnished. Can only be mounted on 750 height or higher mobile cabinets.

PART NO.	DESCRIPTION

CAST6X2SML	6" x 2" swivel (1)

Lista offers a variety of worksurfaces that turn the tops of cabinets into practical work areas. For tops that form a continuous counter top across multiple cabinets, see page 107.

Retainer Tops with Mat

Retainer top, painted to match housing with raised edges on back and sides, provides a practical non-skid work surface. Height is 3/4". Ribbed mat is included.

Butcher Block Cabinet Tops

Tops are satin finish 1 3/4" thick hardwood and are flush to the cabinet side-to-side and front-to-back.

Plastic Laminate Cabinet Tops

Tops are 1 9/16" thick plastic laminate over particle board core and are flush to the cabinet side-to-side and front-to-back. Dove gray is standard but other colors are available on request.

Stainless Steel Cabinet Covers

Cover is constructed of durable, heavy gauge stainless steel. Fits over top and sides of cabinet, and provides easy access to locking system. Adds 1/16" to overall cabinet height and 1/8" to overall width and depth.

Phenolic Resin Cabinet Tops

Top is a high-pressure laminate designed for laboratory worksurfaces and mounts flush to the cabinet side-to-side and front-to-back. Resistant to chemicals, stains or discoloration. Top is 1" thick phenolic resin, available in black.

Shelf Cabinets

Shelf cabinets are an efficient means for storing bulky items that don't lend themselves to drawer storage. Shelf cabinets are built with the same all-steel construction as all Lista cabinets.

Sliding door shelf cabinets are often stacked on complementary sized drawer cabinets, so smaller drawer contents and bulky items can be stored and locked together. The sliding door lock can be positioned at the door bottom to facilitate stacking.

Lista rides to the rescue at Harley Davidson's Vehicle Maintenance and Repair Department. Lista sliding door shelf cabinets, housing large items such as motor oil, greasing and cleaning agents, sit atop drawer cabinets, which store small parts such as nuts, bolts and o-rings.

At the Production Control Center of San Diego's Naval Air Depot, double hinged door cabinets safely and securely store a wide variety of electronic test equipment and supplies used for the precision modification and repair of tactical air navigation transmission boxes.

Stacked sliding door cabinets at Marine Spill, a marine emergency response company, maximize use of available floor space, while providing inventory control and fast retrieval.

Sliding and Hinged Door Shelf Cabinets

Shelves have a maximum load capacity of 440 lbs. (200kg) evenly distributed and can be moved up or down in 1" increments for the greatest flexibility in arrangement. All units have a stationary bottom shelf and are equipped with the number of adjustable shelves shown in the charts to the right. Optional vertical dividers are also available. All models are shipped fully assembled as described.

Sliding Door Shelf Cabinets

Sliding doors roll smoothly to give access to 50% of cabinet interior at a time.

MW Mid-Width Sliding Door Cabinets

HS-AS	HS adj. shelf	1" (25mm)
VSD100/27	4" shelf divider	4" (102mm)
VSD150/27	6" shelf divider	6" (152mm)

Tops

For top choices, see page 67; for counter tops, see page 107.

How to order an Easy-Order shelf cabinet

1. Select cabinet from charts.

2. ■ Select base type.

NB = none

FT = fork truck

PT = pallet truck

For additional bases for MW and DW width cabinets, see page 39.

For additional bases for HS width cabinets, see page 59.

3. ■ Select lock type.

RG = individual

KA = keyed-alike

MA = master

Lock is required. For additional lock options, see page 62. To have lock installed at bottom of sliding or hinged door, add "/LB" to the end of the part number.

4. □ Select paint color. For color chart, see back cover.

EXAMPLE: to order a DWSD900 cabinet with no base, an individual lock installed at the bottom of the door and Bright Blue paint, the part number would be **DWSD900-NB RGBB/LB** (shown in photo at top left of page).

Lista Storage Wall® Systems

At Panoz Motor Sports, Lista's shallow depth Storage Wall Systems allow maximum storage capacity and full access, together with space-saving narrow aisles.

Lista Storage Wall® Systems Make Any Workspace Work

For the optimum use of space, Lista Storage Wall Systems have it all:

- Drawers to store small parts and components
- Roll-out trays for easy access to large, heavy items
- Shelves to handle larger items
- Doors for additional security and finished appearance

A cost-effective solution

The combination of these modular components means you can store small and large parts together and have easy access to both.

It also means your Lista Storage Wall System can easily accommodate changes and additions and never be outdated – a cost-effective solution for now and in the future.

Custom designed and arranged for your individual needs, no other single storage system can match it.

Capacity

In addition to full use of available ceiling height, the Lista Storage Wall System gives you maximum weight and cubic volume capacity. The all-steel construction makes it ideal for supporting a mezzanine.

Full and shallow depth

Lista offers two different Storage Wall Systems, as shown in the footprints to the right.

The full depth Storage Wall System is the ideal solution for easily accessible storage of a variety of large and small items.

The shallow depth Storage Wall System excels where aisle and floor space is critical and vertical space can be utilized.

Storage Wall Footprints

Full Depth (page 78)
27 3/4" (705mm) deep

Standard Width Section
28 1/8" (714mm) wide*

Mid-Width Section
46 7/8" (1190mm) wide*

Double Width Section
56 1/4" (1428mm) wide*

Shallow Depth (page 80)
21 3/4" (552mm) deep

ST Width Section
28 1/8" (714mm) wide*

HS Width Section
40 5/32" (1020mm) wide*

**Widths shown are center-to-center of vertical side frame. To calculate your total system width (length), see charts on pages 78 and 80.*

Viti Mercedes uses a Storage Wall® System with roll-out trays to house heavy brake rotors in its parts department. The trays have a 440 lb. capacity; heavy-duty roll-out trays featuring a 770 lb. capacity are also available.

Storage Wall sections featuring different combinations of shelves, drawers and roll-out trays allow the maintenance department at this biotech manufacturer to make the most of every inch of their available space.

The Storage Wall System enables the New York Daily News to store oversized items such as motors, gears and drive shafts on shelves, while keeping smaller items such as drill bits and hand tools in highly organized, adjacent modular drawers. Lockable sliding doors keep contents safe and secure.

The shallow depth Storage Wall System at Jensen Aircraft Leasing is a perfect match for the narrow mezzanine aisle on the second level of this aircraft hangar. Despite the limited space available, the Storage Wall System allows for the full use of the drawers' storage, with plenty of easily accessible storage space on the Storage Wall's shelves for large, bulky items.

Lista Storage Wall® Features

The Lista Storage Wall System is packed wall-to-wall with unequalled features and benefits. This unique System's extraordinary flexibility means you get the exact solution that your storage needs demand.

Feature: Six stackable heights

Storage Wall Systems come in six standard sizes up to 118 1/8" high. They can be arranged as multi-story installations with mezzanines.

Benefit: Maximum use of storage space by using available height

Feature: Track-guided safety ladder

Ladder folds flat when not in use so aisle is never blocked

Benefit: Easy and safe access to upper levels

Feature: Adjustable drawers, shelves and roll-out trays

For your current or changing needs, drawers, shelves and roll-out trays can be combined in any sequence in any section and easily rearranged

Benefit: Total flexibility

Feature: Roll-out trays

Full extension roll-out trays roll smoothly with their full 440 lb. or 770 lb. load capacities

Benefit: Heavy items are easily accessible

Feature: Variety of locking systems

Individual sections can be locked for added, specific security

Benefit: Your security requirements can be totally satisfied

Feature: 100% full extension drawers

Drawers ride smoothly on a unique precision suspension system

Benefit: Full use of all drawer space and easy access to farthest corner

Feature: Six different full sidewall height drawers

Sidewall and partition height are equal to usable drawer height

Benefit: Full use of cubic volume with no wasted space

Feature: Hinged drawer handle covers/label holders

Unique handle cover has hinged plastic cover that easily opens and closes to allow labels to be added and changed, while protecting labels from handling, tears and dirt. Drawers and contents can be labeled with free, downloadable Lista Script software.

Benefit: Faster retrieval and easier inventory control

Feature: Custom compartments

All drawers have partitioning slots on all four sides, and Lista offers a wide variety of partitioning accessories

Benefit: Maximum organization and faster retrieval

SHALLOW DEPTH STORAGE WALL SYSTEM
21 3/4" DEEP

FULL DEPTH STORAGE WALL SYSTEM
27 3/4" DEEP

Building a Storage Wall® System

All Storage Wall Systems come in build-as-you-go units. Each starter section consists of a pair of matched height vertical side frames joined with appropriate width top and bottom universal panels. For lateral stability, rear panels or diagonal sway braces are fastened to the side frames. Rear and end panels can be used to enclose the sec-

tions. To add a section, just order an additional vertical side frame and the appropriate universal panels for the section width you are adding. Sections can be added at any time in the future.

All components for both full and shallow depth Storage Wall Systems can be ordered separately from the charts on the following pages.

Design assistance

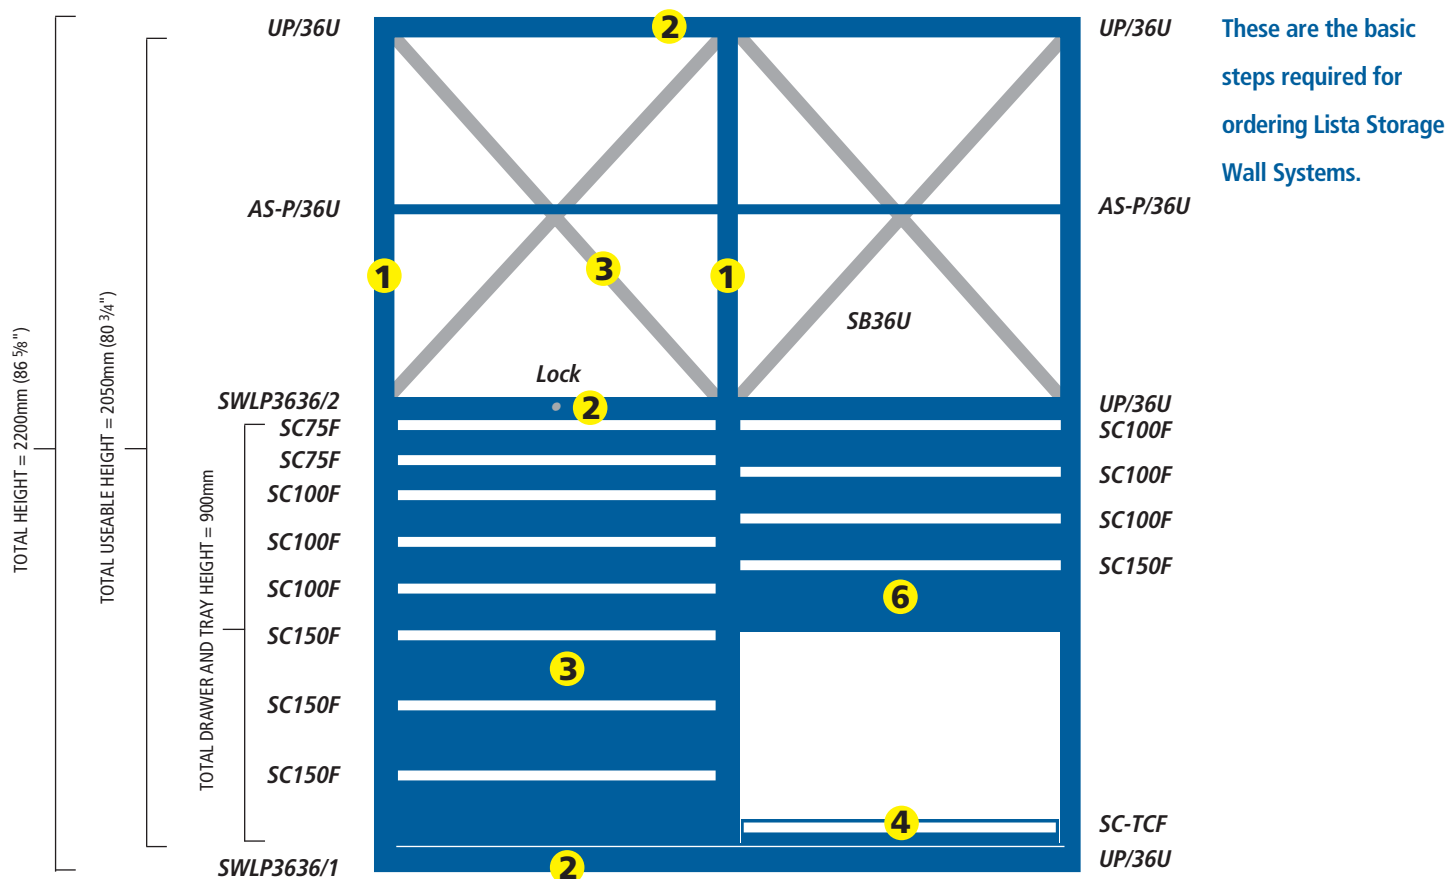

Our experienced technical support and design team is pleased to review your needs and assist you in solving any storage problem, free of charge.

Assembly

Lista Storage Wall Systems are shipped knocked down and come with a complete set of easy-to-follow assembly instructions. No special tools or equipment are necessary. Your Lista representative is always available for assistance or for additional technical support.

How to Order a Storage Wall® System

Sample Full Depth Storage Wall Order

QUANTITY	PART NO.	DESCRIPTION
3	VSF2200	vertical side frames
4	UP/36U	universal panels
1	SWLP3636/1	lock panel
1	SWLP3636/2	lock panel
1	SWLK900-RG	lock system
2	SB36U	sway braces (pairs)
2	SC75F	drawers
6	SC100F	drawers
4	SC150F	drawers
1	SC-TCF	roll-out tray
2	AS-P/36U	adjustable shelves
	BB	bright blue paint

Select vertical side frames

Select the vertical side frames. Keep in mind the depth and height of the system you are designing. See page 78 for full depth systems and page 80 for shallow depth systems.

Select drawers, shelves and roll-out trays

Select the correct-sized drawers, shelves and roll-out trays for the system you are designing. See page 79 for full depth system components and page 81 for shallow depth system components.

Select universal panels and optional lock system panels

Select panel, which determines the width of the section. See page 82 for locking system choices.

Select system options

Select doors, bookcases and/or ladders from the options shown on pages 83-85.

Select rear and end panels

Select rear panel or sway braces and optional end panels. See page 78 for full depth systems and page 80 for shallow depth systems.

Select paint colors

Select color(s) from the color chart on the back cover. System frame and panels can be a different color from drawer fronts, but drawer interiors are always gray.

Full Depth Storage Wall® System (27 3/4" deep) – Frames and Panels

Full depth Storage Wall sections (27 3/4" deep) come in three different widths. Panel/section widths correspond to Lista Standard, Mid- and Double Width components.

At any time, additional sections can be added, and drawers, roll-out trays, and shelves can be easily reconfigured to accommodate growth and changing needs.

Ordering

All basic components are ordered separately from the charts on these two pages. Be sure to match the width of the drawers, shelves, etc. to the section width you are building. For step-by-step directions for ordering, see page 77.

Please note that the final digits in the part numbers for universal panels, sway braces and rear panels indicate width in units:

- 36U for Standard Width
- 64U for Mid-Width
- 78U for Double Width

Vertical Side Frames

Heavy duty one-piece vertical uprights with welded horizontal struts. Vertical uprights are slotted at 1" increments for placement of drawers, roll-out trays or shelves. Color: to match unit.

PART NO.	OVERALL HT.	USABLE HT.
VSF1000	39 3/8"	35 7/16" (900mm)
VSF1450	57 1/8"	53 1/8" (1350mm)
VSF2000	78 3/4"	74 3/4" (1900mm)
VSF2200	86 5/8"	80 3/4" (2050mm)
VSF2500	98 7/16"	92 1/2" (2350mm)
VSF3000	118 1/8"	112 1/4" (2850mm)

Length of Storage Wall Systems

To determine actual Storage Wall length, add together the sections you are assembling and add an additional 2". If end panels are used, add 29/32" for each.

SECTION WIDTH	LENGTH BETWEEN SIDE FRAME CTRS.
standard (36 units)	28 1/8" (714mm)
mid-width (64 units)	46 7/8" (1190mm)
double width (78 units)	56 1/4" (1428mm)

End Panels

These optional steel sheet panels enclose the ends of the completed units. Hardware included. Color: to match unit.

PART NO.	HEIGHT
EP1000	39 3/8" (1000mm)
EP1450	57 1/8" (1450mm)
EP2000	78 3/4" (2000mm)

EP2500	98 7/16" (2500mm)
EP3000	118 1/8" (3000mm)

Universal Panels

Steel sheet universal panels measure 2" (50mm) in height and are fastened to the top and bottom of the vertical side frames to complete each section. Sections with vertical side frames 2200 or greater must have a third intermediate universal panel. Fasteners are included. Color: to match unit. For panels that accept the lock system, see page 82.

Universal Panels

PART NO.	WIDTH	LOAD CAP.

Optional Drawers

To order drawers for full depth Storage Walls sections, please see page 40.

Full Depth Storage Wall® Roll-Out Trays, Shelves and Accessories

Roll-Out Trays

Roll-out trays can be mounted in any sequence or combination with drawers and shelves. Each tray uses the equivalent height of a 100 drawer (100mm high). Trays have full length handles, galvanized insert panels, and 1 3/4" rear and side retaining walls. Be sure to order trays to match the particular section width you are outfitting.

- Usable depth of tray is 24".
- Weight capacity is 440 lbs. for evenly distributed loads.

PART NO.	SECTION	USABLE WIDTH
SC-TCF	36U (standard)	24" (610mm)
MW-TCF	64U (mid-width)	42 13/16" (1088mm)
DW-TCF	78U (double wid.)	52 3/16" (1326mm)

Heavy Duty Roll-Out Tray

Trays have full length handles and galvanized insert panels. Each tray uses the equivalent height of a 225 drawer (225mm high). Available for standard width sections only. Use of individual drawer latch and retainer strip is required (see page 82).

- Usable depth of tray is 24".
- Weight capacity is 770 lbs. for evenly distributed loads.

PART NO.	SECTION	USABLE WIDTH
HDTCF/SC	36U (standard)	23" (584mm)

Adjustable Shelves

Steel shelves can easily be moved at any time and used in any combination or sequence with drawers and roll-out trays. Shelves are 1" (25mm) high. Shelf support clips are included. Color: to match unit. Be sure to order shelves to match the particular section width you are outfitting.

- Usable depth of shelf is 27 1/2".
- Shelves have a 440 lb. maximum load capacity for evenly-distributed loads.

PART NO.	SECTION	USABLE WIDTH
AS-P/36U	36U (standard)	26" (661mm)
AS-P/64U	64U (mid-width)	44 3/4" (1137mm)
AS-P/78U	78U (double wid.)	54 1/8" (1375mm)

Shelf Dividers

Steel sheet dividers fit over lip of shelf. Color: to match shelves.

PART NO.	HEIGHT
SWSD100/36	4" (100mm)
SWSD150/36	6" (150mm)
SWSD200/36	8" (200mm)

Self-Adhesive Label Holders

Plastic hinged label holder adheres to face of shelf to allow identification of shelf contents. 1 3/16" high. Does not include label paper. For Lista Script, use 18.932 labels.

PART NO.	LENGTH
18.926	4 1/8" (105mm)
18.927	8 1/4" (210mm)
18.929	39 3/8" (1000mm)

Shelf End Panels

Steel sheet panel, 26" long, provides side wall for shelves. Color: to match unit. Inserted without additional hardware.

PART NO.	HEIGHT	MIN. SHELF SPACING
X684/3	5 15/16" (150mm)	7 7/8" (200mm)
X684/5	7 7/8" (200mm)	9 7/8" (250mm)
X684/7	9 7/8" (250mm)	11 3/4" (300mm)

Frame Top Fill-In Strip

Steel sheet strip, covers top of vertical side frames to create a smooth continuous surface. Not for use with sliding doors or vertical tambour doors. Color: to match unit.

PART NO.
X699

Intermediate Fill-In Strip

Steel sheet strip fills the space created by vertical side frames between shelves or universal panels to create a smooth continuous shelf surface. Must be used between 2 shelves or 2 universal panels. Color: to match unit. Retainer clip included.

PART NO.
X700

Shallow Depth Storage Wall® System (21 3/4" deep) – Frames, Panels

Shallow depth Storage Wall sections (21 3/4" deep) come in two different widths. Panel/section widths correspond to Lista ST and HS Width components.

At any time, additional sections can be added, and drawers, roll-out trays, and shelves can be easily reconfigured to accommodate growth and changing needs.

Ordering

All basic components are ordered separately from the charts on these two pages. Be sure to match the width of the drawers, etc. to the section width you are building. For step-by-step directions for ordering, see page 77.

Please note that the final digits in the part numbers for universal panels, sway braces and rear panels indicate width in units:

- 36U for ST Width
- 54U for HS Width

Vertical Side Frames

Heavy duty one-piece vertical uprights with welded horizontal struts. Vertical uprights are slotted at 1" increments for placement of drawers, roll-out trays or shelves. Color: to match unit.

PART NO.	OVERALL	
	HEIGHT	USABLE HEIGHT
VSF1000/B255	39 3/8"	35 7/16" (900mm)
VSF1450/B255	57 1/8"	53 1/8" (1350mm)
VSF2000/B255	78 3/4"	74 3/4" (1900mm)
VSF2200/B255	86 5/8"	80 3/4" (2050mm)
VSF2500/B255	98 7/16"	92 1/2" (2350mm)
VSF3000/B255	118 1/8"	112 1/4" (2850mm)

Length of Storage Wall Systems

To determine actual Storage Wall length, add together the sections you are assembling and add an additional 2". If end panels are used, add 29/32" for each.

SECTION WIDTH	LENGTH BETWEEN	
	SIDE FRAME CTRS.	
ST (36 units)	28 1/8" (714mm)	
HS (54 units)	40 5/32" (1020mm)	

End Panels

These optional panels enclose the ends of the completed units. Hardware included. Color: to match unit.

PART NO.	HEIGHT
EP1000/B255	39 3/8" (1000mm)
EP1450/B255	57 1/8" (1450mm)
EP2000/B255	78 3/4" (2000mm)
EP2200/B255	86 5/8" (2200mm)
EP2500/B255	98 7/16" (2500mm)
EP3000/B255	118 1/8" (3000mm)

Universal Panels

Steel sheet universal panels measure 2" (50mm) in height and are fastened to the top and bottom of the vertical side frames to complete each section. Sections with vertical side frames 2200 or greater must have a third intermediate universal panel. Fasteners are included. Color: to match unit. For panels that accept the lock system, see page 82.

Universal Panels

RP3000/54U	118 1/8" (3000mm)

Sway Braces

Used for units without rear panels to provide the necessary lateral stability. Diagonal braces must be fitted at least every fourth section. Color: to match unit. Supplied in pairs with fasteners included.

PART NO.	WIDTH
SB36U	28 1/8" (714mm)
SB54U	40 1/8" (1020mm)

Optional Drawers

To order drawers for shallow depth Storage Walls sections, please see page 60.

Roll-Out Trays

Roll-out trays can be mounted in any sequence or combination with drawers and shelves. Each tray uses the equivalent height of a 100 drawer (100mm high). Trays have full length handles, galvanized insert panels, and 1 3/4" rear and side retaining walls. Be sure to order trays to match the particular section width you are outfitting.

- Usable depth of tray is 18".
- Weight capacity is 440 lbs. for evenly distributed loads.

PART NO.	SECTION	USABLE WIDTH
ST-TCF	36U (ST)	24" (610mm)
HS-TCF	54U (HS)	36 1/8" (918mm)

Heavy Duty Roll-Out Tray

Trays have full length handles and galvanized insert panels. Each tray uses the equivalent height of a 225 drawer (225mm high). Available for HS width sections only. Use of individual drawer latch and retainer strip is required (see page 82).

- Usable depth of tray is 18".
- Weight capacity is 770 lbs. for evenly distributed loads.

PART NO.	SECTION	USABLE WIDTH
HDTCTF/HS	54U (HS)	35 1/8" (892mm)

Adjustable Shelves

Steel shelves can easily be moved at any time and used in any combination or sequence with drawers and roll-out trays. Shelves are 1" (25mm) high. Shelf support clips are included. Color: to match unit. Be sure to order shelves to match the particular section width you are outfitting.

- Usable depth of shelf is 21 3/4".
- Weight capacity is 440 lbs. for evenly distributed loads.

PART NO.	SECTION	USABLE WIDTH
AS-P/3627U	36U (ST)	26" (661mm)
AS-P/54U	54U (HS)	38" (967mm)

Shelf Dividers

Steel sheet dividers fit over lip of shelf. Color: to match shelves.

Steel sheet strip fills the space created by vertical side frames between shelves or universal panels to create a smooth continuous shelf surface. Must be used between 2 shelves or 2 universal panels. Color: to match unit. Retainer clip included.

PART NO.
X610

Storage Wall® Drawer Locking Systems

For a variety of security needs, Lista offers individual, keyed-alike or master key locking systems for drawer sections. If you wish to lock and secure sections made up of a combination of drawers, roll-out trays and/or shelves, choose from the doors shown on pages 84-85.

How to order a lock system

1. Select the appropriate size and type of panels needed to match the Storage Wall section you are building. See the illustrations to the right to find the panels needed for the configuration you have chosen (partial or full height section).
2. Select the appropriate lock system based on the configuration you have chosen (partial or full height section). See ordering example on page 77.
3. ■ Select lock type.
 - RG = individual
 - KA = keyed-alike
 - MA = master

EXAMPLE: to lock a 2200 height Standard Width (36 unit wide) Storage Wall section containing a 900 height group of drawers below the lock and a 1300 height group of drawers above the lock with an individual lock, you would need to order (1) **SWLP3636/1** panel at the bottom, (1) **SWLP3636/2** panel at the top and (1) **SWLP3636/3** panel at the center, and an **SWLK2200-RG** lock system.

Panels for Lock System

Same basic construction as universal panels but equipped for installation of lock system. Color: to match unit.

Full Depth Storage Wall System

PART NO.	USABLE WID.	LOAD CAP.

SWLK1350-■	53 3/16" (1350mm)
SWLK1525-■	60" (1525mm)

Lock Systems for Full Height Drawer Section

For Storage Wall section that contains only drawers top-to-bottom. Locks all drawers located above and below the lock. **Lower section must be 900 height.**

PART NO.	STORAGE WALL TOTAL HT.
SWLK2000-■	74 3/4" (1900mm)
SWLK2200-■	80 3/4" (2050mm)
SWLK2500-■	92 1/2" (2350mm)
SWLK3000-■	112 1/4" (2850mm)

Retainer strip

Individual Drawer Latch (IDL)

Individual drawer latches lock drawers and roll-out trays closed. Particularly suitable for mobile applications or where seismic activity is a consideration. Finger pull latches are recessed and mounted on the right side of the drawer handle. Can be added at any time. Requires retainer strip (ordered separately – see below).

PART NO.
IDL

Retainer Strips

Strips bolt to vertical side frame to secure individual drawer latches. **These strips are necessary for IDLs.**

PART NO.	HEIGHT
VP-IDL/1000	39 3/8" (1000mm)
VP-IDL/1450	57 1/8" (1450mm)
VP-IDL/2000	78 3/4" (2000mm)
VP-IDL/2200	86 5/8" (2200mm)
VP-IDL/2500	98 7/16" (2500mm)
VP-IDL/3000	118 1/8" (3000mm)

Lock-In-Lock-Out (LILO)

These safety devices lock drawers in fully opened or fully closed positions. LILO is primarily used in mobile applications or where seismic activity is a consideration. Part number is for individual LILO device only; drawers must be ordered separately. Only available for 440 lb. (200kg) suspension drawers.

PART NO.
LILO

Storage Wall® Bookcases, Counter Tops and Ladders

These offerings make your Storage Wall System even more versatile. The bookcase and counter top are available for both full depth and shallow depth Storage Wall Systems.

Bookcases

Overhead bookcase offers quick access to reference materials and manuals. Bookcase is 12 5/8" deep, with a useable depth of 11 7/8". Color: to match unit.

PART NO.	FOR USE WITH	USE. WIDTH
BC36U	full and shallow depth	25 7/8"
BC54U	shallow depth	37 7/8"
BC64U	full depth	44 1/2"
BC78U*	full and shallow depth	54"

*for (1) 78U or (2) 36U

Butcher Block Counter Tops

Counter style worktop is 1 3/4" thick butcher block hardwood. Mounts on top of universal panel with mounting holes (see pages 78 and 80).

PART NO.	FOR USE WITH
BCT/3627U	shallow depth
BCT/3636U	full depth
BCT/5427U	shallow depth
BCT/6436U	full depth
BCT/7836U	full depth

Track-Guided Folding Safety Ladders

Without sacrificing aisle space, safe, secure and easy access to upper levels is provided by our track-guided folding ladder. Ladder can pivot to right or left so any section is within easy reach. Broad wooden steps, a sturdy handrail, and a hand brake are features engineered for safety. Available in our bright yellow safety color only.

- minimum aisle width to accommodate ladder is 35 1/2"
- not recommended for use with Double Width drawers
- **tracks must be ordered separately (see below)**

PART NO.	MIN. ROOM HEIGHT
LADDER/2000	106 1/4" (2700mm)
LADDER/2200	106 1/4" (2700mm)
LADDER/2500	106 1/4" (2700mm)
LADDER/3000	126" (3200mm)
LADDER/EXT*	

*must be ordered when specifying a Storage Wall ladder in conjunction with sliding doors

Track Tops and Bottoms

Order 1 track length section to match each Storage Wall section (width) you are ordering. Tracks come in pairs, top and bottom. Color: to match unit.

PART NO.	TRACK LENGTH
TRACK/36U	28 1/8" (714mm)
TRACK/54U	40 1/8" (1020mm)
TRACK/64U	46 7/8" (1190mm)
TRACK/78U	56 1/4" (1428mm)

Safety ladder only extends 12 5/8" from Storage Wall when folded flat.

A variety of door options can enhance the safety and security of your stored items, while protecting items on shelves from dust and environmental grime.

How to order Storage Wall doors

1. Select door style.
2. ■ Select lock type.

RG = individual
KA = keyed-alike
MA = master

EXAMPLE: to order sliding doors for a Storage Wall section that has a 2500 height vertical side frame (100 5/8" high) and is 36 units wide with an individual lock, the part number for the starter door would be **SD2500/36U-S-RG**, and the part number for the adder door would be **SD2500/36U-A-RG**.

Hinged Door Sets

Protect inventory and equipment from dirt and theft with full-height hinged doors. Economical and easy to install on single or multiple Storage Wall sections. Door sets add 2" to the depth of the Storage Wall section. Requires top and bottom universal panels with mounting holes. Painted to match the unit. To specify lock, please see instructions to left.

Full height end panel

Vertical Tambour Doors

Individual Storage Wall sections can be locked with vertical tambour door. Vertical door rides effortlessly on tracks mounted to the vertical side frames and retracts into a box mounted on the top of the section. The box adds 12 3/4" to the height of the unit. The additional framing for the slides and lock add 2 3/8" to the depth of the unit. Requires universal panel with mounting holes at top. Box and frame are painted to match the unit but door comes in dove gray only. To specify lock, please see instructions on page 84.

From the smallest shop to the largest machining operation, Lista can economically provide everything you need for safe and efficient storage of valuable tools.

CNC and machine tool storage, transport and use cycle

With our many different CNC tool storage products and accessories, Lista provides an efficient, organized and secure link among all the various stages of tool storage, transport and use.

Lista Tool Storage and Transport Systems Make Any Workspace Work

Sliding door machine tool cabinets with butcher block tops provide both complete protection for tooling and a highly functional worksurface at Galileo Electro Optic Corporation's machine shop (left) and F&S Tool (right).

Lista CNC tool transporters are used to safely deliver tools directly to the work area at Continental Machines, a leading machine tool and hydraulic component manufacturing company.

The Lista Storage Wall® System is used to store a variety of different-sized CNC tooling at Tremec, a manufacturer of manual transmissions. This vertical solution maximizes Tremec's floorspace while providing the company with safe, secure and completely organized CNC storage. For more information on the Lista Storage Wall System, see pages 72-85.

Safety and ease of use for storage and transport are the priorities in the design of the Lista system. Our tool holders are the basic components of an integrated solution to vertical storage of pre-set tools. Lista tool holders are ideal for all types of pre-set tool handling. Even if only small numbers of tools are involved, safe and accessible storage adjacent to machines is economical.

Molded Tool Holders

Tool holders are made from ABS high impact and oil resistant plastic that protects the heaviest tool shanks. Tool holders are designed to be held securely in place on either Lista tool trays or tool holder frames.

Tool Trays and Tool Holder Frames for Drawers

Tool Trays

Lista tool trays allow tools to be easily moved from drawer to transporter and back. They are designed to fit securely into drawers, tool transporters or in Bench Stands without the use of bolts. Made of heavy gauge welded steel, they are designed with a universal grid system that guarantees precise positioning of the tool holders. Handles fold down when not in use. Recommended for 150 height or higher drawers. Not compatible with TT-1 tool trays and TTBR brackets sold before May, 2003.

PART NO.	TRAYS PER DRAWER
TT-1	4 per SC side-to-side
	3 per ST side-to-side
	3 per MP front-to-back

Tool Tray Drawer Brackets, Pairs

These supports are bolted into the perforated bottom of the Lista drawer. Mounted in pairs, they hold the TT-1 tool tray firmly in place. Made of heavy gauge steel. Not compatible with TT-1 tool trays sold before May, 2003.

PART NO.	HEIGHT
TTBR-D	6"

Tool Holder Frames

Tool holder frames are mounted in drawers. They are bolted to pairs of brackets (see below), which in turn are bolted to the perforated drawer bottom. Recommended for 150 height or higher drawers. Color: gray.

PART NO.	USE	ROW WID.
TF3636	SC drawers	36U
TF2736	MP and ST drawers	36U
TF5427	HS drawers	54U

Frame Drawer Brackets, Pairs

Pairs of brackets are bolted to the perforated bottom of a Lista drawer and to the sides of the frame. Height indicated is from the top of the frame to the drawer bottom.

PART NO.	USE	HEIGHTS
X4065	TF3636	2 5/8" or 3 1/2"

SC drawer with TT-1 tool trays and various-sized molded tool holders.

SC drawer with TF3636 tool holder frame and molded tool holders.

Tool Transporters

Lista B220 and B240 transporter units serve as the mobile link between all other Lista tool storage system components.

All transporters have the following features:

- Rigid steel frame and tubular steel handle
- Steel sheet side panels slotted at 1" intervals for positioning trays, frames, shelves and other accessories
- 2 fixed and 2 swivel heavy duty 6" x 2" casters with wheel locks, for optimum traction and maneuverability even on irregular surfaces
- 600 lb. capacity per wheel (2400 lb. total)
- Can be safely and easily transported large distances with a fork truck

Transporter Unit B220

This is the smaller of the 2 Lista transporter units. It can be fitted with 3 tool trays in a row, or a frame. Fully equipped Easy-Order transporters are shown on page 94.

Transporter Unit B240

The larger of the transporter units has a greater capacity and can be fitted with 4 tool trays in a row or a frame. The B240 has an additional front rack for tool trays, adjustable shelves or horizontal supports for long tools. Fully equipped Easy-Order transporters are shown on page 95.

Tool Tray Mounting Brackets, Pairs

Two types of brackets are available: 1 for horizontal, the other for angled mounting of the TT-1 tool tray on transporters or in Bench Stands. Made of heavy gauge steel with locking pins included. **Color: to match transporter.** Not compatible with TT-1 tool trays sold before May, 2003.

PART NO.	USE
TTBR-T	straight
TTBR-TA	20° angle

Tool Holder Frame/Brackets

Brackets bolt securely on the perforated sides of the transporter unit in horizontal positions. Tool holder frames fit into vertical slots on the brackets (both required). Color: to match transporter.

SI-40	40 taper	9

Document Pocket

A compact storage box for technical drawings, documents, etc. that can be fitted to the front or back of either the B220 or B240 transporter unit. Color: gray.

PART NO.	SIZE
DP-1	14 1/8" W x 1 3/4" D x 7" H

Lista's broad selection of accessories can convert your basic transporter into a customized tool trolley.

For sheer strength, easy maneuverability and adaptability, Lista's tool transporters set the standard. Lista tool holders and trays are safely and easily transferred from drawers to transporter.

Lista offers a total of six fully equipped standard combinations of transporter units: three B220 series and three B240 series.

For additional parts and accessories, see pages 92-93.

Ordering

Please specify the part number for the tool holder size you require. Choose paint color from the color chart on the back cover.

Lista's CNC and machine tool storage cabinets can be arranged and equipped to meet your specific needs. Flexible combinations of drawers and roll-out trays are closed behind lockable hinged or sliding doors which protect tools from the working environment. The addition of a butcher block top or retainer top with ribbed mat provides a highly functional worksurface. (To order a top for these cabinets, contact your Lista representative.)

Ordering

To order a custom CNC or machine tool cabinet, please contact your Lista representative.

The CNC and machine tool storage cabinets shown here come fully equipped with tool holder frames and tool holders for a variety of standard sizes of CNC tools.

Drawers are accessorized with partitions and dividers to hold measuring and cutting tools, collets, vises and other accessories. As in all Lista cabinets, their modular design means drawers and roll-out trays can be easily reconfigured for changing needs.

All drawers and roll-out trays are 100% full extension with a 440 lb. load capacity.

How to order an Easy-Order tool cabinet

Please note that the final digits in the ordering charts refer to the specific tool sizes (for example, MTC9150NC/40 stores 40 taper tools).

1. Select Easy-Order Cabinet Combination.

2. ■ Select base type.

NB = none
FT = fork truck

3. ■ Select lock type.

RG = individual
KA = keyed-alike
MA = master

For additional lock options, see page 62.

4. □ Select paint color. For color chart, see back cover.

EXAMPLE: to order an MTC900NC/30 cabinet with a fork truck base, an individual lock and Bright Blue paint, the part number would be **MTC900NC/30-FTRGBB**.

MTC9150 Machine Tool Cabinets

28 1/4" wide x 29 1/2" deep x 39 3/8" high

Lower hinged door compartment contains 3 drawers and a single roll-out tray for larger items. One drawer is fitted with a frame and tool holders. Separate 2-drawer upper level is partitioned for small tools. Upper and lower sections lock separately. Cabinet comes fully assembled with a retainer top with 3/4" raised edges on back and sides and a ribbed mat.

Frame only

TS224

Rugged, durable Lista workbenches are ideal for setting and assembling CNC tools as well as for storing accessories adjacent to any machine. The models shown below are fully outfitted with drawer partitioning.

All cabinet housings and leg assemblies are constructed of welded heavy gauge steel. All drawers are 100% full extension with a 440 lb. load capacity.

Bench tops are 1 3/4" (45mm) thick butcher block.

MC750-A

60" wide x 30" deep x 35 1/4" high

This pre-set bench has 5 drawers, fully outfitted with drawer partitioning for storage of hand tools, collets, hardware and set-up equipment. The bottom drawer is outfitted with a frame and tool holders. Specify the part number for the tool holder size you require.

How to order an Easy-Order CNC workbench

Please note that the final digits in the ordering charts refer to the specific tool sizes (for example, MC750-A-40 stores 40 taper tools).

1. Select Easy-Order workbench.

2. ■ Select lock type.

NL = none
RG = individual
KA = keyed-alike
MA = master

For additional lock options, see page 62.

3. □ Select paint color. For color chart, see back cover.

EXAMPLE: to order an MC750-B-30 workbench with an individual lock and Bright Blue paint, the part number would be **MC750-B-30-RGBB**.

MC750-B

60" wide x 30" deep x 35 1/4" high

This pre-set bench has 3 drawers – 1 drawer outfitted with drawer partitioning for small tools, and 2 deep drawers outfitted with frames and tool holders. Specify the part number for the tool holder size you require.

PART NO.	TOOL HOLD.	QTY.

Easy-Order Machine Tool Cabinet Combinations

The combinations shown on these two pages have proven themselves in hundreds of installations to be the most versatile and useful for a broad variety of machine tool needs.

Like all Lista systems, their modular design means the greatest flexibility for your present and future needs. All standard combinations have ¾" retainer tops with raised edges on back and sides and a ribbed mat for a practical non-skid worksurface.

All drawers and roll-out trays are full 100% extension and have a 440 lb. load capacity.

Ordering

To order a custom machine tool cabinet, please contact your Lista representative.

How to read the charts on pages 98 and 99

The 2 columns to the right of each cabinet photo indicate:

- Drawer heights/tray information
- Drawer interior sets

For SC drawer capacities and sizes, see page 40.

The chart below the photo indicates:

- Part numbers
- Number of drawers
- Number of drawer compartments created by the interior sets (shown on pages 26-27)

How to order an Easy-Order Machine Tool Cabinet

1. Select Easy-Order Cabinet Combination either without or with drawer interior sets (designated by an "A" at the end of the part number – i.e., MTC-900-2A).

2. ■ Select base type.

NB = none
FT = fork truck
PT = pallet truck

3. ■ Select lock type.

RG = individual
KA = keyed-alike
MA = master

4. □ Select paint color. For color chart, see back cover.

EXAMPLE: to order an MTC-900-3A cabinet with a fork truck base, an individual lock and Bright Blue paint, the part number would be **MTC-900-3A-FTRGBB**.

Easy-Order Tool Crib Cabinet Combinations

Lista cabinets, with their modular drawer interiors, are ideal for tool crib storage.

The cabinets on these pages contain everything you need to properly and efficiently store all items shown in the charts. Lista has pre-assembled these specific combinations because they are the most frequently ordered combinations.

Chosen for the specific parts shown, drawers can easily be rearranged within the cabinet or within cabinet groupings.

Drawers are 100% full extension with a 440 lb. (200kg) weight capacity. They have usable inside dimensions of 24" (610mm) wide x 24" (610mm) deep.

How to order an Easy-Order Tool Crib Cabinet

1. Select Easy-Order Tool Crib Cabinet Combination.

2. ■ Select base type.

NB = none
FT = fork truck
PT = pallet truck

3. ■ Select lock type.

NL = none
RG = individual
KA = keyed-alike
MA = master

For additional lock options, see page 62.

4. □ Select paint color. For color chart, see back cover.

EXAMPLE: to order a TCC-4 cabinet with a fork truck base, an individual lock and Bright Blue paint, the part number would be **TCC-4-FTRGBB**.

Model 900 Cabinet Combinations

28 1/4" wide x 28 1/2" deep x 39 3/8" high

Model 900 cabinets are convenient for a counter height worksurface. All drawers are 100% full extension with a 440 lb. load capacity.

How to order an overhead cabinet

1. **Select overhead cabinet** based on your choice of dimensions. To order an overhead cabinet without doors, use the base part number as it appears in the charts to the left.

2.  **Select optional door type.**

for 16" high overhead cabinets
RD = retractable door

for 29" high overhead cabinets

HD = hinged doors

HDP* = hinged doors with steel-framed plexiglas

SD** = sliding doors

SDP** = sliding doors with steel-framed plexiglas

** plexiglas doors available for cabinets 28" and wider only*

*** sliding doors available for cabinets 40" and wider only*

3.  **Select lock type.**

RG = individual

KA = keyed-alike

MA = master

All cabinets lock at bottom.

4.  **Select paint color.** For color chart, see back cover.

EXAMPLE: to order an OHC2316 overhead cabinet with a retractable door, an individual lock and Bright Blue paint, the part number would be **OHC2316-RDRGBB**.

Overhead cabinets are 15" deep and are available in two heights (16" and 29") and a variety of widths to suit individual storage needs.

Overhead cabinets feature shelves adjustable at 1 1/2" increments. All cabinets with doors offer locks to protect stored materials.

Retractable doors are available for 16" high cabinets. Sliding or hinged metal doors (both with and without a plexiglas window) are available for 29" high cabinets.

Overhead Cabinet Mounting Components

Lista overhead cabinets can be mounted to a wall for stability and permanence. Mount either directly to the wall with customer-supplied hardware, or by using a Wall Mounting Kit.

Overhead cabinets can also be easily mounted atop a stationary riser shelf for convenient support without having to mount the unit to the wall. Stationary riser shelves are available either with or without a back panel, and can be situated above any counter top.

Wall Mounting Kits

Brackets for mounting overhead cabinets to wall. Starter kit is required for first cabinet in row. One adder kit is required for each additional cabinet used. Starter kit includes brackets and end filler strips; adder kit includes brackets only. Color to match housing.

Lista counter tops provide a durable and attractive work surface for rows of cabinets.

Counter tops are flush to the cabinets side-to-side and front-to-back. Tops are supplied with lag bolts and can be ordered for individual cabinets or as a continuous top for cabinet rows.

See chart to the left for length limitations for cabinet rows.

To order a counter top for a row of cabinets with a variety of different widths, add the total width of all cabinet housings in the row (see chart to left). To order, please contact your Lista representative.

For cabinet tops for single cabinets, see page 67.

Computer Cabinets

Lista's versatile, feature-packed computer cabinet is designed to provide maximum protection from metal shards, dust and other workplace debris. The computer cabinet is ideal for PC's, terminals, and computer peripherals on the shop floor and in a variety of industrial and repair environments.

Aircraft mechanics in Northwest Airlines' Avionics Maintenance Department access computers above a plane being repaired at one of its Minneapolis hangars.

A mobile computer cabinet is paired with a mobile industrial workbench in Toyota Racing Development's machine shop.

A technician accesses a Lista computer cabinet which houses a diagnostic computer. The computer cabinet's mobility allows it to be relocated within the department as needed.

Computer Cabinet Features and Options

Lista's computer cabinet is packed with powerful features.

- Air intake fan with guard and fine filter (replaceable from the outside) – creates positive pressure, eliminates dust and possible damage to electrical components
- Large keyboard tray with hinged front gate allows space for mouse
- Monitor door has clear plexiglas window for visibility and protection
- Retractable door option for convenient access to touch screen monitors
- Monitor and lower door locks are keyed alike
- Lower sections provide secure storage for CPU and printer – printer tray extends for ease of access
- Surge suppressor protects equipment and hardware using advanced circuitry, eliminates dangers caused by surges, spikes and EMI/RFI noise
- 6 1/2" wide rear access panel for ease of connection and routing of cables
- Several base options available
- Optional fan for lower section of cabinet
- Optional exterior folding shelf for additional storage

FRONT

MODEL CWS1350 SHOWN
WITH OPTIONAL MOBILE BASE

BACK

Easy-Order Computer Cabinet Combination

Easy-Order computer cabinet comes with:

- Hinged upper section door with plexiglas window (opening for monitor is 24" wide x 19 1/2" high x 24" deep)
- Double hinged lower section doors
- Keyboard tray with hinged front gate
- Printer tray
- Bottom shelf
- Back access panel
- Cord channel/outlet strip
- Upper fan

Other options and accessories to augment cabinets must be ordered from the charts to the right.

Control Stations

The secure, durable and flexible Lista Control Station is ideal for meeting the needs of a wide array of manufacturing floor applications:

- Quality station or foreman's workstation on the manufacturing floor
- Gauging station on an automotive assembly line
- Line supervisor's station in an assembly plant
- Shipping dock

This unique combination of a workbench, bookshelf and cabinet offers a private, protected, lockable workspace with organized storage and ready access to manuals and tools. The work area features a pegboard and one or two bookshelves. The Control Station is available in two heights – 91 1/2" or 99 3/8" tall.

The Control Station is available in all Lista paint colors (see back cover); the tambour door is available in dove gray only.

The Control Station features a slide-down tambour door that can be locked at the desktop or at the base of the station.

MODEL CS2200/5

The Control Station's work area offers protection from dust and dirt for your expensive computer equipment, instruments and gauges. The Station's pegboard and bookshelves let you keep manuals and tools close at hand. The worksurface height at the butcher block top is 35 1/4".

The Control Station's storage cabinets can be outfitted with modular drawers in a variety of sizes. Drawers can be configured for compartmentalized storage of tools and parts, or to hold hanging files.

Easy-Order Control Station Combinations

The Control Station is available in 3 Easy-Order configurations. These 3 models are designed to accommodate the broadest range of Control Station sizes and features.

Basic Control Station

60 1/4" wide x 29 3/4" deep

Equipped as shown with lockable tambour door, bookshelf, pegboard, fluorescent light and 1 3/4" thick butcher block counter top. A variety of optional stationary and mobile cabinets can be placed under the counter top; see the cabinet section of this catalog to select the cabinet size that best fits your needs.

PART NO.	HEIGHT	NO. OF	PEGBOARD
			BKSHV. HEIGHT
CS2000	91 1/2"	1	18"
CS2200	99 3/8"	2	15"

Mezzanines and Stacked Cabinets

Lista Storage Wall® Systems (see pages 72-85) and stacked cabinets serve as ideal mezzanine supports. Our technical support and design team can help you determine the option that best suits your space and needs.

Stacked cabinets

With their all-steel construction, Lista cabinets can be stacked to help you maximize your floor space. You can rapidly re-arrange storage layouts to suit your changing needs.

To add a second level of storage space without adding an additional floor to their maintenance area, Gulf States Paper Corp. utilizes a mezzanine system. The system is home to 49 sets of stacked cabinets.

When Osram Sylvania needed to relocate a 3,300 square foot stockroom into a 1,500 square foot space, a mezzanine was the answer. The company combined new Lista cabinet housings and drawers with existing Lista cabinets to create this space- and money-saving solution.

Storage Walls Systems and stacked cabinets lend themselves to a variety of mezzanine configurations that take advantage of all available height. Examples pictured here are (clockwise from top) installations at a utility maintenance department, an aircraft repair facility and an automotive manufacturing plant.

Lista drawer partitioning accessories provide complete protection and systematic organization for whatever you need to store – from tools to electronic components to small parts.

Customized compartments

The partitioning slots on the sidewalls of all Lista drawers are $2\frac{1}{32}$ " apart, both front to back and side to side, providing for more possible partitioning configurations than any other drawer in the industry. Anything you need to store has its specific compartment, is well protected and easily retrievable.

Solving difficult problems

Our experienced technical support and design team is pleased to review your inventory and assist you in solving any difficult storage problem, free of charge.

How to Order **Custom** Drawer Partitions and Dividers

These are the basic steps required for ordering custom drawer partitions and dividers from Lista.

EASY-ORDER DRAWER INTERIOR SETS:

Preconfigured drawer interior sets for many popular drawer layouts are available for all sizes of Lista drawers:

NW Width	page 17
MP Width	page 21
SC Width	pages 26-27
MW Width	page 31
DW Width	page 35
CL Width	page 47
ST Width	page 51
HS Width	page 55

For tool holders, tool trays for drawers, drawer frames and other CNC and machine tool accessories, please see pages 90-91.

The Lista drawer subdivision system

Lista drawers are subdivided using 2 basic accessories: partitions, which divide the drawer into rows, and dividers, which define compartments within those rows.

The part designations for ordering partitions or dividers have 3 components:

1. **A letter or letters prefix indicating the part.** "P" is for slotted drawer partitions, "LP" is for plain drawer partitions, and "D" is for aluminum drawer dividers (for descriptions, see page 119).
2. **A number indicating the drawer model (height) number**, and therefore the height of the partition or divider.
3. **A number indicating the length of the partition or divider** in slots/units.

Drawer slot/unit dimensions are as follows:

NW Width	19 units W x 36 units D
MP Width	27 units W x 36 units D
Standard Width	36 units W x 36 units D
Mid-Width	64 units W x 36 units D
Double Width	78 units W x 36 units D
CL Width	27 units W x 27 units D
ST Width	36 units W x 27 units D
HS Width	54 units W x 27 units D

The examples to the right use an HS Width shallow depth cabinet drawer (40 1/4" wide) which has 54 slots/units side to side and 27 slots/units front to back.

Slotted and Plain Drawer Partitions

Partitions can divide a drawer into either horizontal or vertical rows.

The length of the partitions used in a drawer is determined by the number of slots/units in the drawer, front to back or side to side.

Aluminum Drawer Dividers

To further divide drawers into smaller compartments, order aluminum drawer dividers. To divide each of the 3 sections in the previous examples into 3 smaller sections, you would order 2 drawer dividers for each large section or a total of 6. **To subdivide drawers using dividers, you must specify slotted drawer partitions.**

EXAMPLE A: if you want to divide a model HS100F drawer into 3 sections each, running front to back, order 2 slotted drawer partitions **P100-27**.

P = slotted drawer partition
100 = drawer height model number
27 = units front to back

EXAMPLE A: if you have divided the drawer into 3 equal sections running front to back, each section is 18 slots/units wide ($54 \div 3 = 18$). So order 6 **D100-18** dividers.

D = drawer divider
100 = drawer height model number
18 = units wide

EXAMPLE B: if you want to divide the same drawer into 3 sections running side to side, order 2 slotted partitions **P100-54**.

P = slotted drawer partition
100 = drawer height model number
54 = units side to side

EXAMPLE B: if you have divided the drawer into 3 equal rows running side to side, each section is 9 slots/units wide ($27 \div 3 = 9$). So order 6 **D100-9** dividers.

D = drawer divider
100 = drawer height model number
9 = units wide

Partitions and Dividers

Slotted Drawer Partitions

These slotted steel sheet partitions are the basic drawer dividers. They divide drawers into small or large compartments by length and/or width. Partition ends slide easily into drawer sidewall slots and can be bolted to the perforated drawer bottom. Partitions are slotted at $2\frac{1}{32}$ " intervals to match the drawer sidewalls and should be ordered to match particular drawer heights, widths and depths (see chart). Color: gray.

FOR USE WITH DRAWER HEIGHT

Plain Drawer Partitions

For use when drawers will not be subdivided using dividers. These non-slotted steel sheet partitions divide drawers into larger compartments either by length or width. Bottom strips can be bolted to the perforated drawer bottom for additional stability, and the ends slide into slots in drawer sidewalls or slotted drawer partitions. Plain partitions should be ordered to match drawer sidewall height. Color: gray.

Drawer Slot Snap-On Label Holders

Clip-on label holders (not included, see to right) can be attached to these durable red plastic holders, which fit all slotted partitions or slotted drawer walls for labeling adjacent drawer contents. Angled for easier reading.

PART NO.	WIDTH	HEIGHT
SLH-1	1 3/16" (30mm)	5/8" (16mm)
SLH-2	2" (50mm)	5/8" (16mm)

Aluminum Drawer Dividers

Dividers subdivide drawers into smaller compartments for specialized storage. Aluminum dividers come in a variety of lengths and slip into slots in drawer sidewalls and/or slotted drawer partitions. Top edges are rounded and smooth for safety. Full-width angled top can accommodate most text and bar-code labels. Dividers can be fastened to drawer bottom for greater stability (fasteners included). Dividers should be ordered to match drawer sidewall height.

Angled Label Holders for Plastic Boxes

Fits into slot in plastic boxes. Transparent label protectors included.

PART NO.	FOR USE WITH
X280*	plastic boxes (red)
X280-AS	conductive plastic boxes (black)

*not for use with PB-24 box

Grooved Tray Divider

1 1/8" wide x 1" high galvanized steel divider fits into slots in grooved tray to separate and label contents.

PART NO.

2GTD

Grooved Trays

Grooved Trays

These high impact red ABS plastic trays are for individual storage of side sensitive tools such as taps and reamers. Tools are held in place by wedge-shaped grooves which prevent side-to-side movement in the drawer. In 2 parts, each part with end tongues to fit slotted partitions or drawer sidewall. Each 2-part tray is 9 units (153mm) wide x 97mm deep. Sectioned off with D-9 drawer dividers. Larger trays in the set are slotted for clip-on label holders (not included, see page 119). Grooved tray dividers (see to left) not included.

PART NO.	FOR MAXIMUM TOOL DIAMETER	NO. OF GROOVES
PGT-19	5/16" (8mm)	11
PGT-29	9/16" (14mm)	8
PGT-39	3/4" (20mm)	6

Slotted Grooved Trays

Trays are for storage of drills, gauges, mills, etc. Made of durable high impact polystyrene (HIPS) red plastic with end tongues so units snap together to form a continuous tray. Slotted at 9/16" increments, plastic dividers subdivide individual grooves into smaller compartments. Each 6" x 6" tray can have 2, 3, or 4 grooves. Clip-on label holders not included (see page 119).

PART NO.	FOR MAXIMUM TOOL DIAMETER	NO. OF GROOVES	SLOTTED TRAY DIVIDERS	AVERAGE QTY. REQUIRED PER
			PART NO.	SLOTTED TRAY

18.932	52.5mm x 18mm	self-adhesive label holders	2 sheets (A4 size)	52

Milling Cutter Holders

Tools with center holes are put over these holders for non-slip stability in the drawer. Red high-impact plastic holders can be fastened together to any required height and are bolted to perforated drawer bottom. Nuts are included.

PART NO.	FOR ARBOR-HOLE SIZE
CH-1	1/2" (12mm)
CH-2	5/8" (15.5mm)
CH-3	7/8" (21.5mm)
CH-4	1" (25mm)
CH-8	1 1/16" (26.5mm)
CH-5	1 1/4" (31mm)
CH-6	1 1/2" (37.5mm)
CH-9	1 9/16" (39.5mm)
CH-7	2" (49.5mm)

Corrugated Steel Supports

For holding arbors, punches, drifts, etc., with 17 recesses. Held with plain partition. Pressed steel sheet, electrophoretically deposited, stoved enamel. Finished in gray.

PART NO.	LENGTH
X1152	18"

Holding Pins

Galvanized steel rods with screw bottoms are bolted to perforated drawer bottom for positioning and holding irregularly shaped tools. Nuts included.

PART NO.	DIAMETER	HEIGHT
HP-1	1/4" (6mm)	1" (26mm)
HP-2	1/4" (6mm)	2" (52mm)
HP-3	1/4" (6mm)	3" (77mm)

Slotted Tool Supports

These 1/16" thick, 24" long aluminum slotted carriers are perfect for storing wrenches, etc. Bottom strip is bolted to perforated drawer bottom. Fasteners included. Ordered individually.

PART NO.	HEIGHT	SLOT OPENING
X214	1 1/16" (26.5mm)	1/4" (7mm)
X36	1 1/16" (26.5mm)	3/16" (5mm)

Arbor Holders

For horizontally storing tools larger than standard grooved trays. Supports are bolted in pairs to perforated drawer bottom. Elongated slots for fastening bolts allow precise positioning for particular tool diameter. Made of durable high impact red plastic. Fasteners included. Comes in pairs.

PART NO.	SIZE
AH	1" W x 3" D x 2" H
	25mm W x 75mm D x 50mm H

Metric Allen Key Holders

Red high impact plastic trays for sets of allen wrenches 1.5mm to 10mm.

PART NO.	SIZE
AKH	6" wide x 6" deep x 1" high

Molded Collet Holders

For the storage of standard collets in drawers. Trays sit over partition slots on the sides of the drawer, so the full usable width and depth of the drawer may be used. Each collet holder is 12" wide x 9 1/2" deep x 2" high.

PART NO.	HOLDS
CH-25MM/R8-72	(72) R8 collets/ 25mm straight tools
CH-32MM/C5-42	(42) C5 collets/ 32mm straight tools

Sliding Accessory Tray

Tray fits into any 100 height or higher NW or MP Width drawer and can slide forward or back to allow access to the rest of the drawer contents. For use with 1" high plastic boxes (PB-1, PB-2, PB-3 and PB-4). Plastic boxes must be ordered separately – see page 120.

PART NO.	FOR USE WITH
AT19	NW width drawers
AT27	MP width drawers

Foam Drawer Liners

Shadowed foam drawer insert liners protect, identify and control valuable inventory. Using a 2-layer insert system, the upper blue foam liner cushions tools and components in perfectly-shaped cut-outs, while the bottom yellow rigid foam liner makes it easy to spot when a tool is missing from the drawer.

Foam drawer liner kits consist of the following:

- (5) sheets of 1/2" thick royal blue cross linked oil-resistant Tool Control Foam (polyethylene base, standard density 2#) with self-adhesive back
- (1) sheet of 1" thick royal blue cross linked oil-resistant Tool Control Foam (polyethylene base, standard density 2#) with self-adhesive back
- (6) sheets of 1/8" thick yellow high-density cross linked Tool Control Foam (polyethylene base, standard density 2#)
- (6) vellum sheets for tracing your tools
- (1) Exacto® knife for cutting blue foam
- (1) 18" ruler for measuring
- (1) instruction booklet

Other Options

- Foam liners can be custom made to your exact specifications, including designing, cutting and labeling the inserts for your specific tool storage requirements.
- Technical grade foam inserts are available for medical, crime lab or archival storage/ museum applications. This foam does not off-gas, and can be sterilized.
- Contact your Lista representative for details.
